'THE SLANDERERS'

(5 Reels)
featuring

JOHNNY WALKER
GLADYS HULETTE
BILLY SULLIVAN

Two brothers in love with the same girl. But each with fairness and honor. Then evil tongues begin to wag. And a small town was seething with unreasoning suspicion.

You see a sublime love story that tightens your heart strings. You watch the last tender scene with a lump in your throat.

See this great picture. See how Larry Calkins returned war hero, rises to the occasion and silences the slanderous tongues that scorched his loved ones.

'THE SLANDERERS'

A UNIVERSAL PICTURE !

TONGUES OF EVIL !

Two brothers love the same girl. One goes to war.

Then the town gossips get busy.

They drive an innocent girl to suicide.

And put a guiltless man behind prison bars.

Until the returned war hero puts all right again.

When you see this picture you'll resolve never to listen to whispering tongues again.

Don't be a Slave to BACKACHE

WATCH someone suffering with Backache and you will certainly do all in your power to prevent this ailment getting the upper hand of you. But don't make a mistake and experiment with unsuitable methods of treatment. Get De Witt's Pills from the Chemist and take them as directed. That is the right and proper thing to do, for De Witt's Pills contain ingredients which help your kidneys to extract the harmful uric acid from your blood—just as Nature intended they should—and, when you get rid of this harmful acid, your back will cease aching.

Writing from 12, Southgate Grove, London, N.1., Mrs. A. Gattiker says:—"I suffered with Backache for over a year, enduring pain which I find difficult to describe, and then a friend recommended De Witt's Pills to me. These helped me a lot and in a few days the dragging pains in my back had disappeared."

Don't wait, or the pain may get worse until it makes a slave or a cripple of you. Get De Witt's Pills to-day! All Chemists stock them. Heed the good advice of those who have already used the remedy and proved it's value—

TAKE

DE WITT'S KIDNEY AND BLADDER PILLS

TAKE TWO TO-NIGHT
Take two of De Witt's Pills to-night and in the morning you will see and feel and know for certain that they must do you good.

BANDRA MUNICIPAL MEETING.

QUESTIONABLE TACTICS.

(FROM OUR CORRESPONDENT.)

BANDRA, July 29.

The attention of the Municipal Board is at present engaged with the consideration of the Annual Administration Report of the Bandra Municipality for the year 1924-1925.

According to the Rules laid down by Government the Administration Report must be ready in May. It was, however, not placed on the Agenda till the 18th June last, and it was not taken up till 18th of July.

On that day in the absence of the Chairman of the Managing Committee, the President moved the adoption of the Report from the chair.

Mr. D. M. Gupte opened a lively attack upon the Report and moved certain amendments. The party in power finding it hopelessly unsafe to continue the debate and put the amendments to the vote manoeuvred to get the meeting adjourned. Although the usual time when meetings are adjourned was a long way off a motion for adjournment was moved, and, as it has so often occurred, it was carried with the casting vote of the President.

The adjourned meeting came off on the 28th of July when there was a full house of the opposition, the other side having four or five members absent. It would therefore, seem that the opposition would carry the day.

Mr. Gupte moved his amendments which were taken down by the Secretary. He was duly seconded.

Dr. Dias asked the Secretary to re-read minutes and as each minute was being read he adopted the unusual procedure of taking them down himself in writing and questioning the Secretary now and again. Several members protested against this stratagem, and emphatically gave the President to understand that this was merely a manoeuvre to waste time.

"I allow it," blurted out the President in a dictatorial tone.

Dr. Dias then began to speak on the amendment while the President was anxiously looking at the clock, and exactly at the stroke of 7-30 p.m. when Dr. Dias had scarcely spoken for five minutes the President rose and again in a commanding tone announced that the meeting was adjourned and that he would go on with the agenda of the Special General Meeting.

There was almost an uproar from the opposition which questioned the propriety of adjourning so important a matter that was long overdue but the President's remarkable answer was: "It is my prerogative and I exercise it."

At this the indignation of the opposition gave rise to some dynamic explosions of oratory. "Such tactics are disgraceful" vociferated Mr. Leo Rodrigues.

When the storm had abated the President called upon the Chairman of the Sanitary Committee to move the first Resolution of the Special General Meeting.

Immediately after this Mr. Gupte moved an adjournment which was carried.

DROWNING TRAGEDY IN KIDDERPORE DOCKS.

CALCUTTA, July 30.

A drowning tragedy occurred in Kidderpore Docks yesterday when a ship's wireless operator accidentally lost his life. It appears that Gilbert Thompson, Senior Wireless Operator on board the river plate steamer "Kusama" returned to his ship at about 1-30 a.m. on Wednesday from town where he drew some money from Marconi Company's office. The deceased appears to have ascended the gangway alright, but on reaching the top instead of stepping in to the deck he accidentally stepped the other way with the result that he fell into the dock and was lost. The body has not yet been recovered.—A. P.

AKALI UNDER-TRIAL PRISONERS' APPEAL.

LAHORE, July 29.

It is stated on reliable authority that a large number of Akali leaders who are now undertrial prisoners in the Lahore Fort have passed the following resolution and communicated it to the Shiromani Gurdwara Prabandhak Committee at Amritsar for immediate publication:—"Resolved that, in spite of certain shortcomings in the Sikh Gurdwaras Act, we appeal to the Panth to work it wholeheartedly irrespective of release of prisoners".—A.P.

PAPER-MAKING INDUSTRY.

SIMLA, July 29.

It is understood that the report of the Tariff Board on the application from the paper-making industry for protection will be published on Saturday next and will be available for sale to the public on 3rd August. It is further understood that Government have not yet come to any conclusion on the recommendations contained in the report.

BOMBAY COTTON MARKET.

BOMBAY MARKET.

COTTON.

(FROM OUR CORRESPONDENT.)

Bombay July 31.

A further sharp drop of 49 to 50 points in New York futures has been reported to-day. The market eased on heavy long liquidation on reports of rains in Oklahoma and Texas. Liverpool has been reported 17 to 22 points down. The decline was due to local trades selling.

Messrs. Umrigar and Vesugars' New York friends Messrs. A. Norden and Co. cable under date 30th intant. as under:—

"So far good rains in Oklahoma and Northern Texas. English strike news unsettling the market."

As a result of general rains in Texas and Oklahoma the American market yesterday sagged under the influence of long liquidation. With adverse industrial outlook and trade apathy is prevailing at the moment it is quite on the cards that we may witness a declining tendency in prices.

In sympathy with a sharp decline reported from Home the Marwari Bazar opened Rs. 2/- lower with Broach August at Rs. 457 1/2 and declined to Rs. 456/- on scattered selling. The market then recovered to Rs. 458/- on buying by Commission Houses and closed at the same rate. Whilst Broach May opened Rs. 4 1/2 lower i.e. at Rs. 426/- and advanced to Rs. 427/- on buying by Marwari Shroffs. The market then going down by a rupee on selling by Commission Houses recovered to Rs. 427 1/2 on general buying and closed at the same rate. At Cotton Green the Market opened at Rs. 427 1/4 and advanced to Rs. 427 3/4 on buying Bazar Operators and closed at Rs. 409/- at 4 p.m.

Oomra January opened at Rs. 409/- and advanced to Rs. 410/- on buying by Commission and Japanese Houses. The market then declining to Rs. 408/- on selling by several Exporters and Commission Houses closed at Rs. 409/- at 4 p.m.

Our market for ready cotton remained quiet yesterday, with with a limited demand from Shippers and Mills.

To-day nothing was tendered against Broach Contracts, total tenders up-to-date being 400 bales saw ginned and 100 bales Punjab/Americans.

Our market will remain close to-morrow both for forward and ready business on account on Ashura holiday and we will not issue our report.

Market remained closed yesterday, it being the first day of the August settlement.

Mill shares ruled firm throughout the day, owing to good yarn enquiry from China. At present in absence of any particular speculator in th emarket, it is fluctuating within a very narrow limit, with a strong undertone.

Nagpur, Fazal, Dyeing and Pearl were in request. Other shares were also steadier.

Fazals opened at Rs. 825, improved to Rs. 830 but closed at Rs. 827-8.

Dyeings opened at Rs. 819-8. improved to Rs. 820, but closed at Rs. 817-8.

Nagpurs opened at Rs. 460. improved to Rs. 467-8, but closed at Rs. 466-4.

Pearls opened at Rs. 456-4, improved to Rs. 458-12, but closed at Rs. 456-4.

BOMBAY MARKETS

WEEKLY REVIEW.

COTTON.

WEEKLY REVIEW.

FOREIGN MARKET.

During the week under review Home markets have been fluctuating but on the whole show a moderate decline both in Liverpool and New York as is compared with a week ago. Early the market advanced an continued short covering but later declined on some long liquidation and local selling. At the close the market was easier.

The American market during the week has been on the whole much quieter with restricted business passing, and on most of the days under review the fluctuations have kept within a comparatively narrow compass. The market after displaying a steady appearance in the early days under review, owing to still more serious complaints coming in fro mthe major portion of Texas, has latterly reacted somewhat from the highest levels ruling. The reason given for this retrograde movement is that some rains have fallen over a fairly large area in Oklahama and North Texas ,which encouraged long liquidation Many reliable authorities are taking a most pessimistic attitude with regard to prospects in the premier State, and unless events take a more favourable turn in the near future, that is to say, substantial rains fall in Texas and Oklahoma it seems that a real scare may be engendered.

The last Bureau condition Report and crop estimate came as a complete surprise, but in our opinion even on the basis of the condition figure of 70.4 per cent the crop estimate is unduly low and looking to the increased acreage and private reports to date about the crop we still see no reason to look for a crop of less than 14 million bales.

According to recent cable reports it seems that the yield in Texas may be considerably reduced if beneficial rain does not come soon. As regard sthe rest of the American crop this would appear so far to be making quite satisfactory progress and it looks to us as though the danger to the Texas crop is being made rather too much of.

On the whole, during these critical weeks when so much depends on weather conditions it is difficult to form any decided opinion. Besides the general unrest in the labour circle in many parts of the world and lull in textile industry are factors seriously to be considered. Nevertheless the whole of August is looked upon as a critical month when crop suffers considerably from one reason or the other and taking this factor in mind we think it is good to buy on breaks.

As regards the position of the local market, new crop prices are on the low side in comparison with Americans which appears to be due mainly to the total absence so far of any enquiry for new crop deliveries from either Europe or Japan.

The following were the changes in the Home markets as compared with last week:—

	Last week.	This week
New York October	24.91	24.40—51
New York January	24.51	23.90—61
New York March	24.84	24.22—62

Liverpool July	13.63	13.55— 8
Liverpool October	13.13	13.03—10
Liverpool January	13.02	12.90— 6
Liverpool March	13.06	12.99— 7

LOCAL FORWARD MARKET

Fully Good Broach July/August opened on the 24th instant. strong at Rs. 459 and declined to Rs. 456½ on Commission Houses and Shroffs selling. From this level the market gradually advanced to Rs. 462½ on buying by Commission Houses and Bazar operators, but again eased to Rs. 458 on Shroffs selling and after some fluctuations closed at Rs. 459½ on the 30th inst. Whilst April/May opened on the 27th inst. at Rs. 427 and decined to Rs. 423½ on selling by Commission Houses and Shroffs. At about this level Commission Houses, Bazar operators and Exporters bought raising the values to Rs. 435. But the market again gave way to Rs. 429½ on Commission Houses and Bazar operators selling and fluctuating within a narrow range closed on the 30th inst. at Rs. 430½.

Fine M. G. Oomra January opened at Rs. 400 and gradually advanced to Rs. 415½ on buying by Exporters and Commission Houses. On Bazar operators selling the market eased to Rs. 408½ and closed at Rs. 411½ on the 30th instant after sharp fluctuations. Bengal January opened at Rs. 357 and closed at Rs. 366 the highest being Rs. 368 and the lowest Rs. 358.

PIECE-GOODS.

A quiet feeling has prevailed in the Cloth Market during the past week, and values of several standard cloths have been easier. A very dragging demand has been met with and buyers seem to believe that more favourable opportunities of buying will be experienced later on and are therefore holding back their orders. Until confidence is restored, there are little hopes of an improvement in the demand.

Grey shirtings of Manchester make have been easier by four annas per piece. Drills and Jaconets have hardly shown any change. White Shirtings have declined further by two annas per piece. Some styles of White Mulls have been scarce and command good values. 58 inches by 20 yards Red End styles, however, are not much in demand and values have gone down a good deal. 27 inches by 18 yards Nainsooks worth from Rs. 3-8 to Rs. 4 per piece have also shown a reduction of an anna per piece.

The Manchester Market has been steady, in sympathy with the raw material and in view of some business placed recently for the Indian markets in standard cloths. There are, however, some makers who are prepared to sell cloth at less than cost price, without finding buyers at the moment. Makers of sized shirtings are in urgent need of orders to keep their looms going.

The local cloth market has been dull and quiet during the week. No further sales have been reported so far. The result of the dispute between the mill-owners and the operatives is being awaited with anxiety by all concerned. Merchants in Karachi are said to be cutting down prices in competition amongst themselves. Those who have bought goods recently from the mills do not seem to be making any profit on the transactions, and in some cases the needy sellers have been offering to resell the lots even at some sacrifice. The Jivraj Balloo Mill has been entirely closed due to trade depression, and 1200 men have been thrown out of work. It is gratifying to note that the adjournment motion has been unanimously carried in the Legislative Council, and Sir Maurice Hayward stated that the Government of India would be asked to take into urgent and sympathetic consideration the crisis in Bombay Cotton Textile industry. It is hoped that Government will take such steps as would bring about immediate relief to the mill industry and the 1,50,000 operatives working therein.

YARN MARKET.

Bombay, July 30.

Since our last the Yarn Market has improved further alround. and prices have gone up by about ¼ of an anna per lb. in many cases whereas in case of Japanese Yarns especially in 2/42s. prices have gone up much higher. The off-take has certainly been better and the outlook seems more promising. Further rise in Cotton combined with better inquiry from China and the firm tone adopted by the Japanese Import Houses as well as the prospect of the probable mills strike in the near future have all lead to an inclination for buying on the part of the dealers who have been showing more confidence and have been inquiring for various kinds of yarns at some what better limits than those offered some time back. It is felt that Cotton will not decline much further and there is no special risk in effecting purchases at or about this level of prices. Inquiries from up-country markets have increased but the limits offered by them are still lower and improvement in demand is not yet been in evidence.

English Yarns:—These meet with better inquiries than before but as Manchester prices have further gone up actual business is very small. Yarns from Stocks have been selling in small lots and not at much better prices.

Japanese Yarns:—There is a special rise in 2/42s. which has gone up by about an anna per lb. in case of ready delivieries and sales have been very encouraging. In case of other Yarns prices have improved to some extent and Off-take has been better. Import Houses have been quoting higher rates and fresh business is much more limit. Sampin and Exchange do not show any special change.

Indian Yarns:—The general tone has been certainly better and Mills have been reporting better sales than the last several weeks. China has bought about Ten Thousand Bales in all and although there are further inquiries Mills have been quoting higher rates. Dealers have been buying in small lots some of the current qualities and the bulk of business during the week has increased further. Mill-Owners' Association in their last meeting have decided in favour of the reduction of Wages to the extent of 11¼ per cent. and this has caused much anxiety among the Labour and it remains to be seen what step they are taking in the next few days. It is believed that they will go on strike but there are yet hopes that the leaders of the Labour will intervene and persuade them from taking such an unwise step. The public has been eagerly watching the development so far. Cotton prices being very high the Mills are not able to now go on working in face of the poor prices of the Yarn and Cloth which they realise at present and some remedy has got to be found out.

The general outlook is better and further improvement seems very likely.

No interesting features have been noticed. Prices ruled easy and a lurking suspicion among merchants about the probability of a strike compels them to quickly unload their holdings. Market consequently, suffers a good deal of nervousness, and prices rule easy.

The demand was practically maintained as usual, which is by no means encouraging. There is still a tendency on part of stock holders to clear off their holdings, owing to the apprehension of a general strike, in case the mill-operatives do not approve of the wage-cut decision. However, probability of such a strike is practically very little and we are of opinion that no prices should be brought down by stock holders, due to this apprehension.

Farina, kept easy, but Sago flour advanced considerably.

COLOUR MARKET.

Bombay, July 31.

We have to report a quiet and steady market. There is some animation in the Napthol Dyes. Alizarines small packing met with some business at Rs. 66 per cwt. Big packing has poor demand. Nigrosene Crystals had some inquiry. The miscellaneous section is quiet.

WEEKLY REVIEW.

July 31.

Money.—With a plethora of funds in the market, the rate for call money is quoted at 2 per cent and lenders are much more in evidence than borrowers. The rate for one to three months fixed is 2 per cent and six months about 3½ per cent.

The Statement of affairs of the Imperial Bank of India as at 24th July 1925 shows a further increase of Rs. 406.65 lacs in the Cash balance which now stands at Rs. 44,94,04,000 as compared with Rs. 29.41 crores at this time last year and Rs. 34.26 crores in 1923. The percentage of cash to liabilities is 44.62—an increase over last week of 3.16. The percentage at this time last year was 29.50 and in 1923 34.77. Trade demand has further declined as evidenced by the decrease of Rs. 100.98 lacs in Loans, Rs. 9.59 lacs in Cash Credits and Rs. 70.08 lacs in Inland bills discounted. Government deposits show an increase of Rs. 249.74 lacs, while other deposits are reduced by a small figure—Rs. 17.56 lacs. The bank rate continues unchanged at 4 per cent.

In the gilt-edged market firm conditions prevailed with a rise in the rates chiefly in 3 1/2 per cent Paper which improved from Rs. 69/8 to Rs 69/12. 5 per cent Loans, 1933 and 1945-55, are quoted at Rs. 100/5 and Rs. 100/3. 5 1/2 per cent Bonds, 1925 and 1928, have been placed at Rs. 103/5 and Rs. 105/13, 6 per cent Bonds 1926 and 1927, changed hands at Rs. 101/13 and Rs. 102/11; 1930 at Rs 104/10 and 1932 at Rs. 105/12, 6 1/2 per cent Bombay Development Loan is quoted at Rs. 109/10.

The progress of the Conversation Loan is considered satisfactory and the total up to 25th July inclusive amounts to some Rs. 18 crores. It is generally believed that further applications for conversion will be pouring in before the due date and that over 30 crores at least, will be converted on acount of the very favourable terms that have been offered by Government. A Press Communique issued by the Deputy Controller of Currency, Bombay states:—

The approximate figures of applications for the Conversion Loan from the 15th to 25th July 1925 inclusive are as follows:—

CONVERSIONS INTO 5 PER CENT. LOAN 1945-55.

			Rs.
1925 Bonds	...	...	86,08,000
1926 Bonds	...	...	9,20,18,000
1927 Bonds	...	...	3,79,29,000

	Total	...	15,72,40,000

CONVERSIONS INTO 5 PER CENT. BONDS 1935.

			Rs.
1925 Bonds	...	...	33,93,000
1926 Bonds	...	...	2,82,14,000
	Total	...	3,16,07,000

Grand total of coversions. 18,88,447,000

Rs.

The Currency figures as at 22nd July 1925 show an increase of Rs. 183.78 lacs in the total number of notes in circulations which now stands at Rs. 182.74 crores. Silver coins are up by Rs. 183.82 lacs while gold bullion and silver under coinage remain unchanged at Rs. 22.31 crores and Rs. 6.89 crores respectively. The percentage of metallic reserve to circulation is 57.76.

A London paper reports that it is now well understood that the United States Government has taken a definite stand in requesting American bankers to deffer negotiations of loans with countries whose Governments have not taken satisfactory steps relative to the funding of their debts to the American Government.

Exchange:—In the sterling exchange market there has been no deviation in the rates for near delivery and conditions are generally dull and featureless. All week there have been sellers of ready T. T. at 1s. 6-3/32d. and buyers at 1s. 6-1/8d. Banks are good sellers for forward delivery in view of the hitherto favourable progress of the monsoon Very few bills are showing in the market ,while the inquiry for bullion remittance was on a restricted scale. The bank's selling rate for ready and August is 1s. 6-3/32d.; September 1s. 6-1/8d.; October 1s. 6-5/32d.; November 1s. 6-3/16d; and December/January 1s. 6-7/32d.

The dollar sterling quotation suffered a sharp and unexpected drop to 4.85½ due to the impending coal strike in Great Britain; subsequently the rate improved on more favourable news about the strike but at the close it reacted to 4.85½. French francs improved to 102 and Belgian is quoted at 105 and the Italian lira at 132.

Gold:—The gold market has been steady but devoid of interest. The rate, which was unchanged throughout the week, improved by about half an anna per tola towards the close. The off-take averages some 30,000 tolas a day and after allowing for the small imports during the week the stock is estimated at about 7½ lacs tolas. The price of soveriegn was steady throughout the period and closes at Rs. 13-6-0 for ready and Rs. 13-5-9 for forward. The official price of gold in London is unchanged at 84s. 11½d. and the market price is 84s. 10½d. In outr market the highest and lowest rates during the week were Rs. 21-8-0 and Rs. 21-5-3 for ready, Rs. 21-5-0 and Rs. 21-4-3 for 5th August settlement and Rs. 21-4-9 and Rs. 21-4-0 for 3rd September settlement. The incoming mail is expected to bring about £209,000 gold. Inclusive of these arrivals and excluding the present week's shipment the total visible supply from London to India is about £600,000. The total import of gold during the week amounted to Rs. 30,84,71 in bar and coin. This week's shipment is expected to be £100,000.

Silver:—In the silver market only very meagre business was transacted and the price fluctuated within a narrow range of some 5 annas per 100 tolas. China and America operated to a small extent during the week, the latter being more inclined to sell on an improvement. In Shanghai the rate for T. T. on London was 8s. 1-15/16d. as compared 3s. 2d. a week ago. It is reported that since the recent troubles in China, the banks demand a margin on forward contracts with the Chinese merchants and this may account for the present stagnation in the Shanghai market. The off-take has further diminished to the average of some 125 bars a day and after allowing for the importation of 450 bars during the week the stock now approximates some 4700 bars. The highest and lowest rates in London during the week were 32-1/16d. and 31-13/16d. for ready and 32-1/16d. and 31-15/16d. for forward. In our market the highest and lowest rates during the week were Rs. 72/3 and Rs. 71-14 for ready and 9th August settlement and Rs. 72-1 and Rs. 71-13 for 7th September settlement. The incoming mail is expected to bring in about £12,000 silver. Inclusive of these arrivals and excluding the present week's shipment the total visible supply from London to India is about £162,000. The total import of silver coins in addition to the bars amounted to Rs. 514,288. This week's shipment is expected to be £37,000

Shares:—The Stock Exchange was open for 5 days during the period under report. Prices of some cotton mill shares show an improvement but the tone of the market is uncertain. The Millowners' Association have decided on a decrease of 11¼ per cent. in wages as from first September. While this decision has been necessiated due to the present precarious position of the industry, it is feared in some quarters that the employees are not likely to accept the cut without resistance. The following are the fluctuations in some of the cotton mill shares:—Bombay Dyeing Rs. 805-800-817/8; Century Rs. 345-337/8-350; Central India Rs. 458/12-452/8-460; Crescent Rs. 203/12xd.-200xd.-205xd.; Fazulbhoy Rs. 811/4-805xd.-825xd.; Kohinoor Rs. 1050-1010; New Great Rs. 303/12-287/8-300; Pearls Rs. 451/4xd.-449xd.-455xd.; Simplex Rs. 110-107/8-112/8 and Swadeshi Rs. 452/8-445-457/8.

The miscellaneous section was dull on the whole. Andhra Valleys dropped to Rs. 492/8 and Tata Hydros advanced to Rs. 822/8xd. Tata Iron Odrys and Deeds. are steady at Rs. 15/12 and Rs. 61/4. Bombay Trams are quoted at Rs. 94/6. Cement shares are unchanged. Railway Shares are steady with a rise of about Rs. 2 in the price of Amritsar Patti and Re. 1 in the Central Provinces Railways

Imperial Bank shares improved from Rs. 1,390 to Rs. 1,392/8xd. while Contributories have declined from Rs. 366/4xd. to Rs. 362/12xd. Bank of India shares are quoted at Rs. 70/4xd and those of the Central Bank are almost unchanged at Rs. 23/4.

WEEKLY REVIEW.

With a fair amount of business passing in the gilt-edged market, firmer conditions developed after steady ruling for some time. 3½ per cent G.P. which declined in the earlier part of the week on unloading by bulls to 69-6, improved to 69-11 after a good business having been put through. very much easier conditions prevailed in the money market, call money being quoted at 2 per cent. The rate for one to three months fixed is about 2¼ and six months about 3 per cent. Trade conditions in Bombay are very slack even more so than is usually the case during the dull season. All the available funds have been, therefore, diverted to the market for investments and easy money has encouraged large taking-up of bonds. Sellers have been very reserved and buyers had to pay fully rates for their requirements, 5 per cent 45/55's have been in demand at 100/3 while 1953's at 100/5. 6 per cent 1926's found buyers at 101/15 and 1927's over at 102/11. 1930's were done at 104/11. 1931's were not available under 105/4 and 1932's are reported at 105/14. 1928's are in demand at 105/13, 6½ per cent B.D.L. is reported to have been done at 109/11 and sellers refuse to part with the stuff under 110/-. A large block of municipal bonds and City Trust Bonds is reported to have been placed away at attractive ly inducing rates. The rise in the market has been possible owing to requirement on investment and general easy monetary situation, which is likely to last at least till about the end of October. A steady tone is expected to prevail for several weeks.

WEEKLY COTTON REPORT.

(Specially written for "The Chronicle.")

As anticipated by us in our last weekly report the high level of prices reached on the day of the publication of the Bureau Report, could not sustain; a reaction of 26 points has occurred in the October option New York as a result of Wall Street selling, and general long liquidation, which set in during the middle of the week under review, on reports of rains having fallen in South-West Texas and Oklahama districts, although very conflicting cables were received here during the week as regards the weather conditions in the droughty area, the general trend of the opinion in New York Market seems to be inclined on the belief that good rains have fallen in the Texas and Oklahama territories; and the Weekly Government Report of the 29th July confirms this belief to some extent.

Local Market:—During the week under review the fluctuations in the local market have been nat altogether uninteresting. In the very early part of the week prices were hammered down to Rs. 423 for Broach April/May and Rs. 465 for Broach July/August by the local jobbers as they were then expecting a very drastic reaction in the New York market; but as the price level in that market showed disinclination to move downwards then, the market recovered here, and Broach April/May was raised to Rs. 434/8, while Broach July/Aug. was quoted at Rs. 462 on the same day (28th July). Apart from this increasing attention was paid to December/January Oomra which contract was bought in large volumes by the exporters to Europe and Japanese shippers, as a result of which the contract stiffened and was quoted on the 30th July at Rs. 412/8 that is only Rs. 18 lower than the rate for Broach April/May; it will be remembered that this difference was as much as Rs. 36 on the opening days of the trading in New Crops.

Spot Market:—In the spot market there was fairly good inquiry from Japanese shippers and Europe. The local mills wallas were buying very sparingly, as they apprehend that their final decision of effecting a cut of 11¼ per cent. in the wages will not be accepted by the mill hands, and a general strike would follow. The tension has become acuter on account of a movement for shorter hours in addition to the reduction in wages.

With regard to the future course of the price movement, we repeat at the risk of being wearisome that it is very difficult to hazard any definite opinion at this stage of the progress of the crop. Cables received during the week under review are of a conflicting nature, and we cannot place full reliance on any of them. At any rate we are not prepared to accept the views of some pessimists that it is hopeless for Texas to supply cotton this season even to our marginal satisfaction although we admit that for the major portion of July the weather conditions were far from satisfactory. The cotton market is now entering another trying month to-day, and the crop will be made or marred by the weather conditions that will prevail during this month. Should there be any development of unfavourable weather, we would advise caution while operating on the bull side if as a result preciptious advances take place. For it has to be remembered that the vastness of the acreage this season, the prevalence of exceptionally favourable weather on other portions of the Cotton Belt, and the negligible complaints about the Boll Weevil combined with the apathy of trade and its reluctance to follow the advance are factors that will check any advance.

So far as the local market is concerned, the prices ruling here are much be low parity as compared with the price level of the Governing markets, and it is therefore very natural, that renewed inquiry from Europe will assert itself, as the season progresses. But we are not inclined to the view that as compared with the price for Broach the Oomra contract this season will stiffen up further, as copious rains have fallen in the Berar districts and crop prospects are excellent. We therefore do not at present suggest straddles of buying Oomra and selling Broach.

CHARGES AGAINST POLICE OFFICER.

ALLEGED ASSAULT AND CRIMINAL INTIMIDATION.

The case, in which Dada Meram charged Sergeant Raymond of the Kingsway Police Station of assault and criminal intimidation came up for hearing before Mr. I. N. Mehta at the Dadar Police Court on Friday.

Mr. Kanuga appeared for the complainant while Mr. Solomon defended the accused.

The facts of the case as alleged by the complainant were that Sergeant Raymond went to an umbrella shop where the complainant was working as a servant and demanded an umbrella on credit which he refused. Thereupon the accused assaulted him, and tore away some pages of the account book, he was holding there.

Dada Meram in his evidence stated that he was a servant employed in the shop of Abdul Hussein. The shop was divided into two parts, the front part being occupied by the umbrella shop while in the rear they carried on a business of mangoes. One Shamsuddin, the cousin of the owner used to be in the shop in the morning while he was on duty in the night keeping account. On the night in question Shamsuddin was in the umbrella shop while he was busy writing account in the rear part of the shop. It was about 11 p.m. when Sergeant Raymond came to the shop. He was in uniform and asked for an umbrella for his boy from Shamsuddin. As he had no money with him Shamsuddin refused to give him the umbrella. He went to the shop and the accused asked him to give an umbrella on credit. He also refused. Thereupon accused got furious, assaulted him and tore away some pages from the account book he was holding then. He reported the matter to his master to be made a complaint to the Police Station while he filed a complaint against the accused.

Cross examined by Mr Solomon for the defence the witness said that his salary was Rs. 10 a month and that he was doing business as a gold-smith during day time. Shown some memo slips bearing the monogram of the complainant's shop the witness said that they did not belong to his shop. He denied any knowledge of *aunkh* and *farak* business but added that he believed *aunk* and *farak* were terms to *Satta* business.

The case is proceeding.

FATAL ASSAULT.

On Sunday at about 7-30 p.m. two persons, viz. Pandu Koudiba and Dhondu Raghu were walking along Parel Tank Road when in front of Kalawadi they were assaulted by several persons. They received several injuries and fell down Pandu when he came to his senses went home but Dhondu was picked up by a police constable who was walking along Parel Road at the time and taken to the J. J. Hospital. The police on hearing of the assault on Pandu, went to his house and removed him also to the hospital. Dhondu Raghu succumbed to his injuries on Thursday night.

The police on making enquiries arrested four persons viz. (1) Ramchandra Gangaram, (2) Narayen Baboo, (3) Dowlat Pootláji and (4) Baloo Dharma.

At an inquest held by the Coroner, the evidence showed that Pandu the injured man had lodged a complaint against the first suspect in the police court and he was persuaded to compound it but he having declined to do so, was assaulted along with Dhondu, the deceased, who was walking with him at the time.

Medical evidence showed that death was due to the concussion of brain in consequence of injuries inflicted by means of stones and sticks.

The jury returned a verdict of death caused by concussion of brain caused by the assailants by stones and sticks under such circumstances that their act amounted to voluntarily causing grievous hurt by means of dangerous weapons and abetment of the same.

DRIVER DIES ON CRICKET GROUND.

On Thursday Mr. William Hearn (47) a driver in the G. I. P. Railway residing at Borkley Place, Byculla, was playing cricket on the tennis-grounds of Mechanic Institute, Byculla, when a ball struck him in the chest, when he droped dead on the spot, death being due to the heart failure.

The coroner held an inquest when Mr C. Clyne, a driver in G. I. P. Railway, said the deceased was playing cricket with witness and three others. The deceased was batting and one E. Loveday was bowling. The latter delivered the ball which struck the ground and then bounded up and accidentally struck the deceased in the region of the heart. Loveday apologised to the deceased and the latter said:—"It's all right, play on." The deceased was about to go on batting when he suddenly collapsed near the stumps. A doctor was immediately sent for but on arrival after examination he declared him dead. There was no foul play in Loveday's bowling.

Medical evidence showed that death was due to shock followed by sudden heart failure.

The jury returned a verdict of accidental death.

DE TH FROM HEART FAILURE.

At about 9-30 a.m. on Thursday an Anglo-Indian named A. S. Waltes working in the King Edward Industrial Home on Ripon Road, went to the lavatory and fell down dead on the spot. The body was removed to the morgue, where the Police Surgeon, made a post mortem examination, and said, death was due to the heart failure.

A NEW ENTERPRISE.

Messrs. Jeena and Co., the old established and well-known Indian Mercantile House of our city, have recently embarked on a new venture. They now stand among the few reliable accredited Passenger Agents. With a well trained staff here and abroad and extensive Banking connections, any one who books his passage to any part of the world through them may easily look forward to a very pleasant time abroad. They are clearing and forwarding Agents for several leading local Banks, and also have facilities for arranging insurances of all description. As they own spacious warehouses, accommodation is available at all times at economic rates. We understand that they will probably conduct a Tourist Party of Americans through India some time next year.

SPORTING NEWS

HARWOOD LEAGUE.

BOMBAY BATTALION BEAT CITY POLICE.

WEST YORKS WIN EASILY.

On Friday evening two fixtures of the second division were decided, the one on the Co-operage between the Yorks and the G.I.P. being more in the nature of a walk-over, while the more interesting match took place on the Oval where the B.B.A. F.I. succeeded in obtaining their revenge on the City Police by a margin of two goals. The Police had the advantage in in their defence, Dewy and Hewson being a safe pair, but the Battalion possessed a rattling set of forwards, and it was this factor which decided the match. Mitten was always dangerous and had the inner trio taken full advantage of their opportunities they would have increased the score appreciably. Long was the best of the inners his goal in the second half being a piece of individual brilliancy. Duthie and McKenzie worked very hard for the Police but lacked any material support.

The Battalion started on the offensive and, after missing one or two opportunities, opened the scoring through Mitten who dashed up to bang in the ball from a scramble in the goal mouth. The rest of the half was marked by astonishing blunders on the part of the Batallion forwards. The beginning of the second half was sensational. Obtaining the ball from the kick-off long tricked his way right through the Police defence and gave Godwin no chance with a close drive to which the goalie managed to get his hand, Hereafter the A. F. I. bombarded the Police goal from all angles but Godwin had a safe pair of hands and a big boot. The Police broke away on several occasions but could not put in a telling shot. Towards the end of the game there was a slight misunderstand. A shot by the winger missed the goal post by inches, but rebounded off a spectator into the field of play. When the ball was kicked towards the Battalion goal one of the defenders caught the ball and placed, it for a goal kick, and on the Police claiming for hands the referee awarded a penalty kick. Having some doubt, however, he made inquiries and awarded a goal kick instead. In the interests of sport this was the only just course to pursue as obviously the ball had gone out of the field of play. It would be even so much better for the refs if some arrangement could be made to keep the crowd off the line. The final whistle blew soon after and the B. B. A. F. I. retired winners by 2 goals.

WEST YORKS BEAT G. I. P. 6—0.

On the cooperage the Yorks had it all their own way when they met the railway. It was an extremly one sided affair. the Yorks scoring three goals in each half. Eckhard and Collier scored one and two goals respectively in the first half, while Goodwin performed the hat trick in the following moiety by scoring the other three

UNREAL DEBATE.

The terms of Mr. S. K. Bole's adjournment motion were so amorphously sentimental that the Government could easily combine with their critics and call upon Simla to take "such steps as would bring about immediate relief to the mill-industry and the operatives working therein." The resolution was delightfully vague and contradictory speeches were made to advance the same proposition. Mr. Wadia who condemned the cotton excise duty was able to obtain support from Mr. Lawrence who justified the purport of that infamous exaction This sort of unanimity which some partisans wish to be a permanent feature of public life in Bombay, depends upon the evasion of vital issues and the liberal use of nebulous platitudes, and it is most difficult to maintain that a platitude is a discovery, though platitudes do manage to prosper as the least common measure of differences in controversies of cowardly token. Mr. Bole's was really a prayer and when prayer pre-supposes the existence of a higher dispensation for the relief of shirkers, the grip of practical endeavour vanishes. The resolution did not suggest any remedy; it left the duty of deliverance to the Government of India. The grim reality of the situation is the reduction of wages, and the elimination of all controversy is impossible when the actual peril to workers has to be considered. No direct consideration was paid to the plight of workers and the present title of employers to order the curtailment of wages. It was a cloud-land combat far above the pressing issues of the case and it never involved any discussion about the measures taken by millowners to ward off the reduction of wages. The crucial grievance of mill owners is that stocks fail to move. No one in the Council investigated in full the alternatives presented by the crisis. Mr. V. A. Grantham appeared in the role of Mr. Facing-both-ways and lectured the millowners on the touching topic of efficiency and self-help; Mr. Lalji Naranji said that something should be done and since the millowners had done something they deserved public approval; Mr. Jayakar propounded the judicial view without being particularly exact; Mr. Wadia stood for his caste without compromise; Mr. Lawrence summed up the case in the vein of misanthropic invective which prompted the learned Home Member to praise the high tone of the whole discussion. The high tone of the discussion is due to the burking of real discussion. The concrete elements of the crisis which follow the publication of notices were eluded by all, and for the second time in its history the reformed Council has without dissent accepted an adjournment motion. The Government of India will probably treat it as a jejune demonstration. The outstanding fact is that the decision of the millowners and the imminent distress of workers did not receive due attention from the Council. The roar of long-range firing can silence local tremor only for a moment, and it is the attitude of the Government that is of vital interest.

Mr. Lawrence's speech was, we regret to say, insincere and irritating. He was anxious to establish that if the Government erred it was due to stupidity, not moral depravity. The cure for stupidity is the douche of commonsense and the Government have strenuously resisted its good effects. When Mr. Lawrence described the plain condemnation of the excise duty by the Hon. Mr. Pheroze Sethna as a monstrous over-statement, he was speaking with tongue in his cheek. Where on earth can be found another instance of profitless production being taxed according to out-turn? If the British textile industry were exposed to adverse continental competition, Britain would know how to safe-guard her interests and it is noxious humbug to whittle down the real purport of the excise duty and the contention of Mr. Innes that he would consider its reduction only along with the dimunition of import duties. Broadly to put the question "Should we welcome the imports or not?" is to befog a patent issue. Mr. Lawrence is intelligent enough to know it. We recognise the slow-witted orthodoxy of the mill-owners, but to resent a proper description of the excise duty is to insult commonsense. By the witness of Englishmen, the duty is unjust in conception, economically injurious to Indian enterprise and morally indefensible. Stupidity has its bounds in public policy and for Mr. Lawrence to belittle it as one of John Bull's foibles is presumption at this time of day. As regards Japanese competition, Mr. Lawrence refers to treaty-obligations. When the question of treaty-obligations was mentioned by Mr. N. N. Wadia at the annual meeting last February, a Delhi pronouncement denied their existence. The treaty obligations are not of India's creation. Let us quote the speech of Mr. Wadia in February:—"I have heard rumours which I do not believe for a moment that there is a treaty between the British Government and Japan under which for certain defensive measures promised by Japan in the Far East, the British Government on behalf of Great Britain and its dominions have promised that they would not put protective duties against Japan. I do not believe these rumours and have confidence in our own Governmetn to protect our interest. We now place the facts before them as we find, and ask them to give us fair treatment, and the manner in which it should be given should be left to the judgment of the Government of India with the object of safe-guarding the principal industry of this country." It was very civil of Mr. Wadia to distrust the rumour and to credit the subsequent disclaimer from Delhi, but Mr. Lawrence's admission seems to indicate that the boundary between stupidity and mendacity is dim and uncertain.

The injustice of the excise duty should be considered on its own demerits. Mr. Lawrence suggests two ways—recourse to Imperial Preference and a reference to the Tariff Board. The incidence of the excise duty has nothing to do with either device. It is disheartening to see the Bombay Government minimise the ill-effects of a wrongful impost against the confession of H. E. the Governor at the jubilee dinner of the industry and the admission of the Finance Member that the duty is an error to be duly rectified The Tariff Board cannot rightly be made into a medium of prevarication and delay. In the higher counts, Japanese yarn competes with British yarn and we should be cautious about inveighing the excise duty in the toils of Imperial Preference. What had the Finance Member to say in March last? He with great hesitation admitted that the remission of the excise duty "would give some temporary encouragement." As a matter of fact, it will be permanent to the tune of two crores, if the remission is not temporary but final. We are astonished at the presumptous sophistry of those who while in India's service justify a patent wrong to the country. If the tone of Mr. Lawrence's speech and his fatherly extenuation of stupidity, represent the attitude of the Bombay Government with regard to the excise duty, the millowners had better give up all reliance on the casual condemnation of the evil by high officials including the Governor of Bombay. Mr. Lawrence has not even suggested the suspension of the duty while the industry is in the throes of depression. His satire was reserved for those who openly spoke for every honest man in the country. Imperial Preference and the Tariff Board have very little connection with the fierce fact that the millowners have decided upon the reduction of wages. The discussion proceeded at a tangent and speakers dwelt upon the responsibility of the Government. So loose and timid a performance cannot be said to be a source of encouragement to the dispirited workers of the industry.

AN OBNOXIOUS PRACTICE.

The representation submitted by the Indian Merchants' Chamber to the Government of Bombay on the Department of the Chemical Examiner to Government, which we publish elsewhere, brings into relief the unregulated and unjustifiable activities of that department. The Committee of the Chamber rightly views with considerable apprehension the growing practice of the Chemical Examiner to the Government of conducting analyses and reporting upon commercial and economic samples submitted by the general public. This Department was originally created with a view solely to assist the different Government Departments and as its chief duties were connected with medico-legal work and the examination of foods and drugs it was placed under and staffed by medical men. The Chamber contends that the Government Chemical Examiner, who is by training and experience a medical and army man, is not qualified to undertake any work affecting the interests of the trade and commerce of the country. It seems that of late this Department has been very actively engaged in the analyses of ores, minerals and various other articles of commerce and in holding surveys not only in Bombay but also outside. In a very large number of cases merchants have been very much dissatisfied with the reports obtained from the Government Chemist. The dissatisfaction of the mercantile community arises from most contradicting and conflicting and generally unreliable reports submitted by this Department. Business contracts made on the strength of the analytical reports of the Government Chemical Examiner have, in not a few cases, resulted in heavy losses to the contracting parties. According to the Committee it appears that the fees received by this Department are not credited to Government but kept by the head of the department and his assistants as their personal earnings. This if true, discloses a scandalous state of affairs and cannot be allowed to continue as it not only affects very seriously the interests of the mercantile community but also checks the progress of chemistry in the Presidency. We do not know of a single independent practising consulting chemist who has, during the last thirty years, been able to establish himself in the city. While in Calcutta, this profession has been able to maintain its own, in Bombay, the strangulating competition created by this Government Department has not allowed a single laboratory to be maintained as an independent institution in the interests of the mercantile community. The late Professor Gujjar, however, struggled bravely but failed, ultimately, to keep up his large establishment, an establishment which at one time was one of the finest laboratories in Western India, and had even received the recognition of the University for the training of chemists. Similar laboratories were started from time to time but, one after another, these institutions had to be closed down. We hope Government realise that year after year the present educational institutions are turning out chemists in large numbers and that those who have thus received special training in chemistry have been obliged to drift to other occupations. Government have no justification in maintaining the present practice except that it promotes the private interests of the staff of the Department. It does not help Government in any other way; on the contrary, it involves the use of its organisations and public revenues towards wrecking the careers of chemists and hampering the progress of science in this Presidency. Government cannot maintain that a practice which is calculated in law to place them in a position of great responsibility, which allows the merchants to live in a false sense of security and which entails the miscarriage of justice, must be allowed to continue. We hope the importance and justification of the representation made by the Indian Merchants' Chamber will be fully realised and Government will take immediate steps to put a stop to this obnoxious practice.

Notes of the Day

A Triumph of Labour.

The latest cables show that the coal crisis has been averted and the British Premier's intervention has succeeded in bringing about a settlement which involves the withdrawal of the owners' notices. The miners had insisted on this withdrawal as a condition precedent to any negotiation and the settlement may be taken as a distinct triumph for Labour, because it was the rally of the whole Trade Union movement to the support of the miners which compelled the Government to abandon a waiting game which they were inclined to play at first in the interests of the owners. The owners' original proposals, which involves both increase of hours and reduction of wages, were so unjust and callous as to rouse the passionate resistance of the Labour world which has now succeeded in bringing home to them that cheaper production does not mean reduction of wages and the consequent lowering of the standard of life of the workers, but technical improvements and economies in other expenditure.

East and West.

The East-West Circle of London has decided to hold a conference, from 1st to 9th September, of representatives of the races of the East and of the West. The Countess of Warwick has consented to act as hostess and has placed at the disposal of the East-West Circle, Eastern Lodge, sometimes known as the Labour "Chequers". The delegates will spend the whole of the week together and will thus remain in close contact wit htheir fellow-delegates from the various countries. The invitation to this Conference which has been sent to prominent persons says: "The conference is not intended for any vague or sentimental conversation, the definite basis on which the delegates meet is that the long suffering masses in the West now begin to realise that imperialism pays but a very few of their countrymen at the cost of the common good. It is as much the liberty of the people of the West as the liberty of the people of the East that demands the liquidation of the present imperialist system wherein western nations claim domination over the people of the East for commercial or other ends. The conference will be composed of delegates who distinctly accept the principle that the time has arrived when the peoples of the East and of the West must enjoy complete and equal political, social and economic freedom, while an international system of fair and equal economic exchange between various nations should be arrived at. The conference will, therefore, proceed to discuss immediately the possibilities of the complete acquisition of freedom to the conquered or subjugated races. Following upon this discussion will arise the question of future work which could be suitably and safely carried out in their respective countries by the peoples at present under subjugation as well as by those not thus subjugated. Details of this work will be settled at the conference and will then form the immediate programme for the delegates on which to create the necessary organisation on their return to their respective countries." Messrs T. C. Goswami, N. M. Joshi and Chaman Lall, who are now in England, consider that the conference will lead to a useful discussion on problems affecting both East and West—an opinion with which we heartily agree. Invitations have been sent out over the signatures of Mr. B. G. Horniman, President and Mr. Arthur Field, Secretary of the East-West Circle, and Mr. Shapurji Saklatvala M.P. Organiser of the Conference.

Not Genuine Local Self-Government.

We regret the Corporation at its meeting on Thursday rejected the proposal to refer Mr. Bole's Bill to its Rules and Procedure Committee. The constitution of the Corporation is far from satisfactory and Mr. Bole's suggestions deserved better treatment than the Corporation gave it. We do not endorse Mr. Bole's proposal for reserving seats for the Backward and "Depressed" classes because it is hardly the right way of democratising the Corporation. But his proposal that the Municipal franchise should be extended to those paying a rent of Rs. 5 and above instead of Rs. 10 and above as at present, must command the support of all those who have the cause of genuine local self-government at heart. As matters stand at present, as many as 10,42,488 out of 11,37,782 citizens of Bombay, if the figures given by Mr. Bole are correct, have no voice in the administration of the City's affairs. These figures are eloquent of the injustice done to the vast majority of the City's population—an injustice that must be removed as soon as possible.

Mr. Baptista and The Corporation.

A special meeting of the Bombay Municipal Corporation will be held on Monday to discuss the following proposition:—

(1) "That the Corporation are of opinion that the President's ruling delaring Mr. Tairsee's notice of motion appearing as item No. 120 on the July Agenda out of order, was, besides being wrong, an arbitrary exercise of the President's authority and a violation of the constitutional rights of the Corporation"

(2) "That the Corporation are of opinion that it is undesirable for the President to preside at public meetings held for the purpose of discussing questions which are to be deliberated upon by the Corporation, or to take part in any other way in the public discussion of such questions."

Whether Mr. Baptista was justified in presiding at the public meeting held to protest against the action of the Standing Committee or not, there is hardly any doubt that he exceeded his powers in summarily ruling Mr. Tairsee's motion censuring that action out of order. We understand that Counsel's opinion, which has been ascertained, does not support Mr. Baptista's action. In view of this we trust Mr. Baptista will permit the proposition, for which the special meeting the been called, to be moved and that those responsible for the proposition, having gained their point, will not to press for its discussion. That will be the most satisfactory way out of an unfortunate situation.

CRISIS SETTLED

OWNERS WITHDRAW NOTICES

PREMIER'S SUCCESSFUL INTERVENTION.

LONDON, July 31.

It is officially announced that the coalowners have withdrawn their notices for a fortnight in compliance with the Prime Minister's request.

The latest message says that the coal crisis has been settled.—Reuter.

NO STATEMENT YET.

LONDON, July 31.

The coalowners' and miners' representatives separately considered the new situation, this morning The coalowners' discussion was so prolonged that they were unable to meet Mr. Baldwin at the time, appointed. They are anxious to knew the precise terms of Mr Baldwin's offer of Financial assistance before replying. Apparently, the announcement in the newspapers that the coalowners have withdrawn their notices is premature as the Secretary of the Mining Association interviewed by Reuter at 11-30 a.m. said that the question of withdrawal of the notices was still being considered.

Replying to a question in the Commons Mr. Eyres-Monsell said that Mr. Baldwin was still unable to make a statement as negotiations were still proceeding.—Reuter.

EARLIER TELEGRAMS.

LAST HOUR BID FOR PEACE.

LONDON, July 31.

What is described as the Premier's last hour bid for peace is given prominence by papers which mostly regard the decision as a virtual settlement of the coal crisis as the owners are expected to withdraw the notices otherwise expiring at midnight. The official announcement was issued too late for anything in the nature of a detailed comment.—Reuter.

PREMIER ON OWNERS' CONCESSION.

LONDON, July 30.

Mr. Baldwin in the course of a statement to the Miners' Federation summarising the negotiations in the present position, specifies the owners concessions, namely, the principle of minimum wage, inclusion of August profits in the wages and the suggestion of the relaxation of seven hours' Act to enable the owners to offer better wage terms. The Premier also sets out the Federation's refusal to accept reduction in wages or relaxation of hours and points out the Federation has offered not the slightest contribution to the concessions. He emphasises that Government is not prepared to subsidise the industry.

The foregoing was issued shortly prior to the intimation that Mr. Baldwin would not make a speech in the House of Commons to-night which had been announced. Postponement is due to his meeting both the parties to-night. Earlier in the evening the situation was discussed by a special meeting of the Cabinet.—Reuter.

PREMIER'S SUGGESTION TO SUSPEND NOTICES.

LONDON, July 31.

Mr. Baldwin spent last evening in conference with the representatives of miners and owners separately but no joint meeting occurred. It is understood that owners will meet privately at ten this morning to discuss the Premier's suggestion that notices might be suspended. The meeting has been arranged for an early hour in order that intimation may be sent to Government as soon as possible if the suggestion is accepted so as to enable the news to reach the mining districts promptly. It is not expected there will be any difficulty in reaching decision on the point.—Reuter.

LABOUR MINISTRY'S STATEMENT.

MINERS TO MEET PREMIER.

LONDON, July 31.

The statement issued by the Ministry of Labour after mid-night says: "Following a meeting of the Cabinet last evening at which full consideration was given to the whole of the circumstances of the coal dispute, the Premier held further conversations with the representatives of the Miners and the Owners. The former told the Premier that they desired to cooperate in the proposed enquiry with a view to full investigation into the methods of improving the productive efficiency of the industry for the purpose of increasing it competitive power in winning the markets. They intimated that it was unfair to resort to the reduction of wages with the present cost of living before an attempt was made by means of an enquiry to secure contribution towards meeting the difficult situation with which the industry was confronted. It is consequently announced that the Government is prepared to assist the industry until the spring when the enquiry will be completed. The Premier has requested the owners to suspend notices for a fortnight in order that necessary discussions may proceed concerning the way in which a temporary assistance could be afforded.—Reuter.

HELP TO MINERS.

LONDON, July 30.

A meeting of the Executives of all Trade Unions at Westminster to-day arrived at a unanimous decision wholeheartedly to assist the miners. assistance to include financial help in the form of levy from each district.—Reuter.

PALACE CAPTURED

FIGHTING AT MOHAMMERAH

PERSIANS' ATTACK.

BAGHDAD, July 30.

The Persian Government troops attacked the Sheikh of Mohammerah's palace which was held by the Arabs who stormed Mohammerah bazaar on Friday. The palace was taken by the Persians, after sharp fighting.

The casualties were: Persians six killed and Arabs 100 killed. Further trouble is not expected.—Reuter.

IRAQ'S REGENT IN FAISUL'S ABSENCE.

LONDON, July 30.

Reuter learns that King Faisal has been informed that it is impossible that Emir Said should suspend his studies at Oxford for the purpose of acting as the Regent of Iraq, as Faisal's absence will be very brief. It is regarded as possible that the Crown Prince of Iraq will act as Regent.—Reuter

OPERATIONS IN MOROCCO.

TO BEGIN SOON.

BARCELONA, July 31.

General Petain who is proceeding to Paris, has arrived here by the steamer 'Alfa". He stated that operations in Morocco would begin soon and that they would be efficacious both from the military and political aspects. All necessary material was already on the spot.—Reuter

LONDON, July 31.

Paris.—A telegram from Tangier says the situation on the Wergha front has improved. Several rebel units have asked the terms of surrender.

French aircraft north of Wezzan considerably damaged the Djebala forces which frequently attempted to penetrate the French lines.

The enemy on the Spanish western zone has been more active recently.—Reuter.

JAPANESE CABINET RESIGNS.

OVER NEW TAXATION PROPOSALS.

TOKIO, July 31.

The Japanese cabinet has resigned owing to a conflict of opinion on the new taxation proposals.—Reuter.

RUHR EVACUATION

The last French troops have departed.—Reuter.

AUSTRALIA'S HOSPITALITY TO AMERICAN FLEET.

LONDON, July 31.

Melbourne.—Australia's hospitality to the American fleet is unabated and everything is being done to make all ranks feel at home. Numbers of official and private entertainments have been organised and very brilliant balls were given by the Governor General and the English-speaking Unions. Sailors are eagerly joining trips into the country desiring to see as much of the new land as possible.—Reuter.

DEATH OF LORD CHEYLESMORE.

LONDON, July 29.

Lord Cheylesmore is dead.—Reuter.

(Lord Cheylesmore was born in 1848. He joined Gren. Guards in 1867. He contested Coventry in 1887 on elevation of his father to peerage and was beaten by 16 votes.)

NO IMPORTS OF COAL TO BE HANDLED.

LONDON, July 30.

A special Committee of the Trade Union Congress and the Executives of the Railwaymen's and Transport Workers' Unions have ordered that the handling of coal shall cease at mid-night on the 31st July. All coal shall then be railed and placed on the nearest siding from where it may be exclusively used for coaling engines. It may not however be passed to other ports, and no imports may be handled.—Reuter.

SETTLEMENT NOT RECEIVED.

LONDON, July 31.

In a statement issued Mr. Cook on behalf of the Mines says a settlement has not yet been reached. A further meeting with the Premier has been arranged for noon to-day after the Premier has met the Owners. The mineworkers will receive instructions immediately after to day's meeting.—Reuter.

DAS AND LYTTON.

"MALICIOUS MISREPRESENTATION."

"BENGALEE'S" CANARD EXPOSED.

PT. MOTILAL'S STATEMENT.

(FROM OUR CORRESPONDENT.)

ALLAHABAD, July 30.

Pandit Motilal Nehru has issued a statement to the Press, in regard to the account of the supposed Lytton-Das negotiations given by "Wayfarer" in the "Bengalee" which the Pandit characterises as a tissue of untruths relieved here and there by a few half truths. "It is not true" says Pandit Nehru, "that Deshbandhu ever consented to accept ministership on any condition whatever. Nor is it true that any proposals for a settlement emanated from him or were accepted by him. It is hardly conceivable that he accepted ministership when he was invited by Lord Lytton to the Government House and almost immediately afterwards wrote back to say that it was dishonest for a Swarajist to accept office. As for the terms of alleged settlement, I have the whole history of the so-called negotiation from Deshbandhu direct. It was his invariable practice to inform me from time to time as soon as anything of any importance to the party happened. I am aware of the fact that a bonafide attempt at a settlement was made in very reliable quarters and I fully appreciate the motive which actuated those attempts now, unfortunately, aborted by the sudden death of Deshbandhu. I therefore, wish at the very outset to make it quite clear that nothing I am going to say in this statement applies to the gentlemen concerned in those attempts which stand on an entirely different footing. My sole purpose in issuing this statement is to show that the allegations made by "Wayfarer" on the authority of the "intermediary" and the "first hand informants" referred to by him who I know are not the gentlemen concerned in the bonafide attempts I have mentioned above are not true."

The Pandit then proceeds to give such facts as are relevant to his purpose on the direct authority of Deshbandhu himself.

COMMUNICATIONS.

In his letter dated 26th January, 1925 Deshbandhu said, "The Government is again trying to form a Ministry and the vultures are coming down. It is more these people than the Government. But I hear the Government is also anxious to settle. God knows what they mean. If a settlement is proposed I will communicate with you so that either the Executive Council or the General Council may be consulted. We must also consult the Mahatma."

It is clear from the above that when the Deshbandhu was writing this letter he was not even aware of the nature of the proposals the Government was supposed to be contemplating. It seems however that either the same or the next day he received more definite information. His letter of the 27th January, 1925 opens as follows "As my messenger is leaving to-day by the Delhi Express I hasten to tell you about it, i.e. latest proposal from the Government not sent to me directly but really intended for me."

Then follow the terms received as to which it is only necessary to say that the unconditional release of the political prisoners formed a distinct clause in them. The letter then proceeds: "I want your considered opinion. If necessary place it before the Executive Council very confidentially. I understand the Government will send for me in the middle of February."

It is therefore clear that the first proposals purported to come from the Government and included the unconditional release of political prisoners. Writing on the 23rd February, he said:

"Whatever policy may be adopted I feel that outside propaganda must be carried on vigorously. I am entirely with you there. The result will be my arrest but it cannot be helped."

Is this the attitude of a man bent on a compromise on any terms? Here is what he says in the same letter about his own health.

"My health is yet very bad. How I am writing this I don't know. Hope you will be able to read it. I sleep only for one or two hours in the night and not at all during the day. You can imagine my condition. Rajgir has made me worse. I am so bad that I often feel that if I am not to work it is better for me to die.

Is it conceivable that the brave man contemplating a vigorous propaganda which might lead to his arrest while in the agony of a distressing disease was at the same time sacrificing his great ideas for a mess of pottage in the shape of temporary concessions? There was meeting of the Executive Committee of the All-India Swaraj Party held at Patna on the 8th March, under the presidentship of Deshbandhu and the very first item of the minutes of that meeting runs as follows:—"After a full discussion lasting several hours the following principles were unanimously accepted (1) Diarchy should find no support or recognition in any form or shape from the Party in any legislature. (2) The Party should follow a common policy and adopt a uniform course of action in the several legislatures."

And yet we are told that about this very time Deshbandhu was carrying on secret negotiations to run diarchy under certain conditions. In his letter of the 4th April he gave me a copy of certain terms which he said were "being discussed through a friend." These also included the release of political prisoners as one of the essential conditions. He then proceeded to say "I have not finally accepted them nor has Lord Lytton. I said when I left Calcutta that if Lord Lytton is really desirous he should send for me. He has not done that yet."

Then comes a most significant passage which shows how Deshbandhu intended to deal with the proposals when formally communicated. He says "come soon and we must agree on a definite proposal to be placed before Lord Lytton should he send for us. If not it does not matter." It is thus clear that there never was any question of accepting the terms as they were but that counter proposals were to be put forward in consultation with me had Lord Lytton chosen to negotiate with us directly but if His Excellency did not think fit to do so the matter was to be dropped. In his last letter to me which he wrote three days before his death Deshbandhu says:

"Something may come in July or August or even later. I think we should certainly wait till the next Congress. I believe something may come out of the Reading-Birkenhead conversations. I know you do not attach any importance to it. You may be right but something tells me that they will make some kind of a proposal to us. Whether it will be of any real value to us is another matter. But I do not wish to complicate the issue by any Commonwealth Bill or any such thing in the meantime. If nothing acceptable comes the next Congress must give a clear political lead."

MALICIOUS MISREPRESENTATION.

The last sentence of the passage I have just quoted clearly shows that whatever he might have thought about the Reading-Birkenhead conversations he entertained no doubts or misgivings as to the course the Party was to adopt in case nothing acceptable came. A "clear political lead" was to be given by the next Congress and we were to go ahead with our policy and programme. It is not true as stated by "Wayfarer" that Deshbandhu set forth in this letter "in great detail the terms of settlement to which he and Lord Lytton were agreed." There is not even a passing reference to any terms of settlement in that letter. These are all the passages I need quote from Deshbandhu's letter to me to expose the malicious misrepresentations of "Wayfarer" in regard to the attitude of Deshbandhu. But I have had the privilege of reading the letters Deshbandhu sent to Mr. Nalini Ranjan Sarkar and the following passage occurring in the letter dated the 11th June five days before his death is an absolute clincher.

Referring to the Faridpur Speech he said "The situation is big with fate. Our position is that we have said our last word. The onus is on the Government now. I will offer no further statement or explanation."

These are the true facts which have been distorted by "Wayfarer."

THE INTERMEDIARY

I now come to what happened at No. 2 Beltala Road where I was putting up during my short stay in Calcutta. No chance visitor could have access to me as I was only allowed by my Doctors to give a limited number of interviews between the hours of 9 and 11 in the morning to those only who had previously been given appointments by me. One of the gentlemen who had succeeded in getting an appointment was "The intermediary" referred to by "Wayfarer." He introduced himself as the person who had been carrying on the negotiations between Lord Lytton and Deshbandhu. I patiently listened to what he had to say and asked him to see me later on. When he came next he brought with him a letter from himself addressed to me in which it was stated that Mr. Das had proposed certain terms through him, that Lord Lytton had agreed to entertain those terms but that the negotiations had abruptly ended by the sudden death of Mr. C. Das. The letter contained the offer to continue the negotiations on my behalf in place of Mr. Das but went on to say that if I did not care to avail of that offer the writer would approach the other political parties. To this letter he asked me to give a written reply. I told him that it was not a fact that Mr. Das had proposed or accepted any terms of settlement and as for the threat to transfer his services to other parties he was welcome to do so at any moment. Thereupon he drafted another letter in my presence and handed it to me. It runs as follows:

My Dear Sir,

As you are aware of the negotiations that passed between Lord Lytton and myself regarding a constitutional settlement with Mr. C. R. Das from the communications made to you by Mr. Das himself from time to time I wonder if you would be prepared in your present capacity as President of the Swaraj Party to

(continued on page 10.)

SUPPORT THE SWARAJISTS

ANSWER TO LORD BIRKENHEAD'S SPEECH

PUBLIC MEETING AT CALCUTTA.

CALCUTTA, July 30.

To consider the present political situation created by Lord Birkenhead's speech a crowded public meeting was held at Albert Institute Hall this evening, Mr. J. M. Sen Gupta, Leader of the Swaraj Party and Mayor of Calcutta, presiding. The hall was packed to suffocation and a large number of leading citizens including many Swarajist members of the Council, participated in the discussion. The speech of Lord Birkenhead was criticised at length by all speakers and a suggestion was made to boycott British goods as a reply to Lord Birkenhead's speech. Emphasis was laid on the solidarity of the Swaraj Party in Bengal.

Mr. J. M. Sen Gupta in a vigorous speech after paying an eloquent tribute to the memory of late Mr. Das recalled the situation created in 1921 as a result of the non-co-operation programme. He laid emphasis on Lord Reading's invitation for negotiations to come to an understanding with the people, but as negotiations failed Government launched a campaign of repression which culminated in the arrest of Mr. Gandhi. Notwithstanding this, he said, the Moderate pinned their faith to the reforms and carried out the dictates of the Bureaucracy. Deshbandhu Das knew all this and that is why he wanted to picket the Council by keeping away the Moderates and how he succeeded in killing diarchy in Bengal and C. P. was known to all. Mr. Sen Gupta criticised at length the speech of Lord Birkenhead and emphasised that before his death Mr. Das had said the year 1926 would be a crucial year for the country. He knew that only by killing dyarchy they would not get Swaraj but once they had killed it Government would be bound to carry on by certification and extraordinary legislation which would create an atmosphere for civil disobedience.

Mr. Waheed Hossein, Swarajist member of Council, emphasised that they would not pay heed to the cry of their enemies to abandon their policy and join another party. He asked young men to give effective reply to Lord Birkenhead's speech by supporting the Swarajists. Mr. Hemanta Kumar Sircar, M.L.C., suggested that the masses should be organised and village work should be carried on earnestly.

Messrs. Nurul Haq and Mr. Bijoy Krishna Bose said they must be prepared for mass civil disobedince which was the only way by which they could reach the goal of Swaraj.—A. P.

"WISE CO-OPERATION."

"TIMES" ON SIKH SOLUTION.

LONDON, July 31.

The "Times" discussing the settling of the Sikh trouble expresses the opinion that the Gurdwara Bill is the excellent solution conceived in the best spirit of sympathetic British statesmanship. "Sir Malcolm Hailey and those far-seeing Sikhs who co-operated with him in drawing up the measure are to be congratulated. Their combined action shows what happy results can still be secured by wise co-operation between the British and Indians for the welfare of the Indian peoples."—Reuter.

PRISONERS IN INDIAN JAILS.

LEE RECOMMENDATIONS.

PROVINCIAL SERVICEMEN AND I. C. S.

LONDON, July 30.

In the House of Commons replying to Mr. Hudson Lord Winterton said the Lee Commission's recommendation to the effect that twenty per cent. of the total recruitment to the Indian Civil Service should be filled by the officers promoted from the Provincial Civil Service was at present being carefully considered, and a decision would be reached as soon as possible.—Reuter.

BRITISH COMMONWEALTH LABOUR CONFERENCE.

DEBATE ON GENEVA PROTOCOL.

LONDON, July 30.

Mr. Simpson (Canada) presided over to-day's session of the British Commonwealth Labour Conference, when the Geneva Protocol was the subject of a debate in which Messrs. Henderson, Macdonald, Sampson (South Africa) Heagney (Australia) and Dewan Chaman Lal (India) participated. Mr. Macdonald hoped that the delegates on returning to their countries would keep the spirit of the Protocol alive.

The Conference decided to send a questionnaires to each organisation in order to secure the views of various Labour movements on inter-Commonwealth political relations, particularly as regards armaments and war, and also the position of subject peoples in the Empire.—Reuter.

NEW MUNICIPAL BILL

REFERRED TO SELECT COMMITTEE

LICENCES FOR DRINKING CLUBS.

(By our Special Representative)

POONA, July 31.

A small bill was introduced to-day by Mr. Dehalvi for bringing clubs where drinks were sold in line with the drink shops as far as licensing was concerned, as it was thought that this institution was abused by people. Mr. Ghosal said many bogus clubs were mere drinking places whose membership fee was nominal. Mr. Grantham and Mr. Petch the two European members opposed the measure, as they did not want to deprive clubs of the facility which they were now enjoying. Mr. Grantham looked on the measure with suspicion, but his suspicions were not shared by the Indian members and the bill was passed into law at one sitting.

It was considered that the District Municipalities Bill, brought by Mr. Hidayatulla would rouse opposition from all sides as it embodied many objectionable features but the Ministers' speech disarmed criticism, as he admitted that the bill was not considered by him to be a perfect measure and that he would accept all kinds of amendments, even of principle, in the Select Committee. He made a very lengthy speech explaining the good points of his bill and members who had very little time to discuss the bill were satisfied that the bill did contain many valuable concessions. Mr. Deo's amendment for postponing consideration of the bill was, after some discussion, on appeal by the Minister withdrawn. When the first reading was taken up, the bill was generally welcomed from all sides even Mr. Bhopatkar blessing it as a valuable measure, containing important clauses for widening self-Government in the Bombay Presidency. The Minister assured the Council that the measure had no sinister motives behind it as suspected by members particularly from Surat. In course of discussion Moulvi Rafiuddin Ahmed who always speaks in a perferoid manner even on the slightest question brought in communal representation and he was supported by members from Sind. His remarks, however, received the imprimature of the Minister who said Muslims preferred separate elections to Swaraj. With such Die-hard views the Government case for separate electorate was strengthened. On the whole, the bill was received warmly by the Council.

PROCEEDINGS IN DETAIL.

A meeting of the Legislative Council was held on Friday, Sir Ebrahim Rahimtulla presiding. After question time the Hon. Mr. Dehalvi introduced the bill further to amend the Bombay Abkari Act. The bill was for the purposes of compelling clubs where liquor was sold to members to take out licenses in order to have fuller control over them.

Mr. C. M. Saptarishi, supporting said it was necessary to bring clubs under control as recommended by the Excise Committee.

Mr. V. A. Grantham, opposing said residential clubs would have to take double licenses and it would be penalising them unnecessarily. He did not think they should make any difference between the rich and the poor in regard to his drinks. Mr. J. Ghosal said clubs were springing up everywhere and were seriously interferring with liquor shops, which had in many cases to close down. Most of these were bogus clubs with a nominal fee of four annas and members possessed tickets. These were merely drinking palaces where liquor could be had in any quantity. The Abkari Department had tried to bring these clubs under control but without success and they had to bring forward the measure. He assured Mr. Grantham that the bill would not interfere with genuine clubs and even then clubs would not be worse off than in England where there existed similar provisions.

Moulvi Raffiudin Ahmed supported, also Mr. Advani; And Mr. Petch opposed.

The bill was then passed into law.

WIDER POWERS FOR MUNICIPALITY

Mr. Gulamhussein Hidayatulla then introduced the Bill to give wider powers in the management of municipal affairs in certain cities. He said there had been wild rumours that the measure was brought forward to oust the Swarajists from municipalities where they had come in such large numbers. Members for Surat had brought charges against him that the object of the bill was to destroy the old Act. He assured the House that it was far from his intention to do so. The bill was prepared by Government some years ago and sent to municipalities for their opinion and the measure was expedited since then. Certain powers were given to standing committees under the act and a corporation or a municipality could delegate any of its powers to that committee and take them away whenever desired. The standing committee would have functions by statute and also by delegation of corporation subject to repeal. Charges had been brought that the bill made municipalities merely deliberative bodies; but thatwas not so, for there were committees appointed in addition to standing committee. It was not a fact that the old character of the Act was changed altogether. There would also be a school board in addition to the other committees. He told the council that he was willing to allow any amendment in the Select committee even of principle and he wanted the house to cosider the bill there. He had brought forward the bill for the good of the country, and he was sorry that members were ignorant of rules and he only pitied them. Coming to the appointment of the chief officer, he said that the officer was their

ST. JOSEPH'S CONVENT

AFFILIATION APPLICATION

REFERRED BACK TO SYNDICATE.

The adjourned meeting of Senate of the Bombay University was held on Friday evening, Sir Chimanlal Setalvad presiding. The debate on the application for affiliation made by the St. Joseph's Convent at Panchgani and the report made thereon by the Syndicate was resumed.

Principal McKenzie said that whether they rejected the application or sent the report back to the Syndicate the result would be the same as in any case the college could not commence its career this year. He was of opinion that the better course would be to reject the application.

Father Dubr thought that the diploma of Brevet Superieure of the mistress for French was quite sufficient for teaching the collegiate classes. The college proposed to coach up a small number of pupils in the beginning and as such the staff was adequate for its requirements. He therefore was in favour of the affiliation.

Dr. B. H. Nanavati saw no reason why greater importance was given to the opinion of the members who went in their private capacities and who inspected the Institution at the invitation of the authorities than the opinion of the Committee appointed by the Syndicate.

Principal Covernton:—"I went there as a member of the Syndicate."

Mr. Bhaba approved the report of the Committee of the Syndicate. He thought they should encourage those girls who wanted to get a training better than matriculation standard.

Miss Navajbai D. Contractor regretted that they who boasted to be ahead of sister provinces, should lay behind in affording facilities for the education of girls. There were Women's Colleges in Calcutta, Madras and even in Allahabad but it was really shameful that Bombay should not have at least one College for women. She therefore would vote for the affiliation.

PRINCIPAL COVERNTON'S REPLY.

Principal Covernton, in reply said that he had been the target of attack from various persons in that the action of the Syndicate in accepting the report submitted by him and his colleagues Messrs. P. A. Wadia and Lory was an insult to the Senate.

"I will not allow," concluded Principal Covernton, "a few home made cakes and a delightful cup of tea—which I enjoyed through—to interfere with my independent judgment," and that his own course of action was unfair Continuing he said that when the application went to the Syndicate that body appointed the usual committee which in the usual manner postponed the matter until the last moment so that it did not come up again before the Syndicate till June. The Syndicate decided to reject the application and he was asked to move the Senate to reject the application. It was he who explained to the Syndicate that it was necessary that the Senate be acquainted with the committee's recommendations favouring the affiliation together with the minutes of the three individual members who were against the affiliation so that the Senate might know why the Syndicate rejected the committee's recommendation and why. That was why the whole correspondence came up to the Senate. It was no insult and he was very sorry if it were construed as one.

Referring to his own course of action, he said that he did it in the fulfilment of the rights and duties of a member of the Syndicate. The committee was appointed to inquire into the matter. It did not mean that other members should not inquire. It was not only a right, but a duty of every member to do so in order that he might give the right verdict on the question. Otherwise, it would mean that the committee's recommendations should be accepted blindly What was unfair in it, he could not seek. If it was held that he had no right to do so, he would be the first to resign his seat on the Syndicate.

REFERENCE TO SYNDICATE.

Dr. Viegas, replying said that he saw no reason to be afraid of flood of applications for affiliations of the present nature, as was suggested in the debate, for that according to the speaker would be the happiest day in their history. India was different from England or other European countries and here conservatism, superstition, caste system and several other things stood in the way of girls studying in boys' schools. Mr. Covernton had spoken of his right. 'How often'' Dr. Viegas asked, "has Mr. Covernton exercised that right or duty and in the case of what college or institution?. None."

Dr. Viegas's amendment to refer the matter back to the Syndicate was passed by a large majority.

CONFERENCE OF UNIVERSITIES

The Senate then unanimously adopted as its own the opinions expressed by the Syndicate on the resolutions of the Conference of Indian Universities

RELEASE OF AKALI PRISONERS.

SARDAR KARTAR SINGH'S RESOLUTION.

LAHORE, July 31.

Sardar Kartar Singh, M.L.A., has given notice of two resolutions which he intends to move at the forthcoming session of the Legislative Assembly.

The first resolution recommends to the Governor-General in Council to unconditionally release all the Akali prisoners convicted on charges arising out of the recent Gurdwara movement, to refund the fines realised from those prisoners and to withdraw the prosecutions of all Akalis now under trial.

The second resolution recommends the release of all persons convicted under martial law in 1919 and under section 124A and 153A, I. P. C. and all persons convicted by special tribunals in 1915 in the Punjab for various offences and persons convicted during the last four years for various offences in cases arising out of the non-co-operation movement in which no violent acts were proved against the accused and all persons detained in Indian jails or other places under the Bengal Regulation or other executive orders in whose cases no judicial trial is contemplated.—A. MAYORALTY AND MUSSALMANS.

A MISUNDERSTANDING CORRECTED.

CALCUTTA, July 30.

Mahatma Gandhi in course of a statement to the press says that Maulana Abul Kalam Azad informed him that newspaper reports of his speech before the European Association had given rise to a great deal of controversy, but he had now read the speech from which these deductions had been made. "Though it is a verbatim report," Mr. Gandhi says, "even as it stands I do not consider that it warrants the deductions that have been drawn from it. Some Moslem friends read into my speech the view that I could not find an able and honourable Mussalman who could occupy the Mayoral chair and the Maulana Sahib has also given me a similar opinion." The Mahatma emphasises that whatever interpretation his speech, as reported, might be capable of, he would assure the public that nothing was more remote from his mind or that of Maulana Azad than to think or suggest that there was no honest or able Mussalman who could be recommended for the honour. In fact, if the suggestion of the Maulana had not appealed to him he would have continued to prosecute Mr. Surhardy's claim as he had come to know something of his abilities and honesty from his occupation of the chair of Deputy Mayor.—A. P.

ENGLISH FIRM'S CLAIMS.

DISALLOWED BY CALCUTTA CORPORATION.

CALCUTTA, July 30.

There was a somewhat interesting discussion at a meeting of the Calcutta Corporation on Wednesday when the recommendation of the water supply committee that a certain English Engineering firm's claim for an extra charge of £324-4-6 be refused came up for confirmation. Mr. Phelps opposed the motion. He could not see that a big English engineering firm would deliberately make a demand for an item unless it was a genuine case.

Mayor: "Do you say that an Indian firm would?"

Mr. Phelps: "No. I said no respectable firm, no God-fearing firm."

The Mayor before putting the question to vote said: "I would like to say that if we carry the resolution I do not think that the corporation in the slightest way desires to suggest that this firm is guilty of any fraud. It is merely a civil contract between the Corporation and the engineering company. We take one view of the terms of the contract and they take another."

The resolution was adopted.—A. P.

CONGRESS PRESIDENTSHIP.

DAS AND LYTTON.

(Continued from page 9)

carry those negotiations further and arrange a Conference with Lord Lytton to which His Excellency told me the other day that he was quite agreeable."

I was then busy drafting my reply to Mr. Gandhi's letter placing the whole machinery of the Congress at the disposal of the Swaraj Party and asked him to come later on for the reply. When he came next my replies to himself and Mr. Gandhi were ready and I sent both to Mr. Gandhi, the former simply for his information. It came back after a few minutes as it was sent without any alteration or suggestion, was signed and handed over. It ran as follows:—

"Thanks for your letter of the 19th. Deshbandhu Das did communicate to me from time to time certain proposals which he said he had received from Lord Lytton through a friend but I was not aware till I met you here after his death that you were the friend referred to. I do not know if those proposals hold good after the recent pronouncement of Lord Birkenhead but I shall always be ready and willing to discuss with the authorities the situation in Bengal as well as in the rest of the country with a view to an honourable settlement. Deshbandhu was expecting a further communication from Lord Lytton on the subject and should His Excellency be pleased to continue the negotiations with me, I shall only be too glad to put myself at his disposal."

This is all that happened.

NO LETTER TO LORD LYTTON.

The Pandit concludes:—

"I have not written to Lord Lytton and have not the intention of doing so, as I agree with Deshbandhu that after the Faridpore speech the onus lies heavily on the Government and it is for them to make the first move. These are all the facts. I have only to add for the information of all and sundry that it is no use trying to convince me that Mr. Das had committed himself to a particular position. There is no man living who knows more about Deshbandhu's mind than I do. Apart from this the responsibility to give a correct lead to the party is now mine and I am going to use my own independent judgment in the discharge of my duties. The resolution passed by the General Council of the Party at Calcutta on the 16th July sums up the whole position and the duty of every Swarajist is clear. I have taken the trouble to issue this long statement to put a stop to a most painful controversy. I trust in the good sense of the Press to avoid the publication of matter which is bound to cause unnecessary pain to the family and friends of Deshbandhu and to further complicate an already complicated situation."

MORE RUSSIANS IN CANTON

STEAMER WITH SANDBAGS AND KEROSENE OIL.

HONGKONG, July 31.

The Russian steamer "Simferopol" was signalled to-day from the Waglan lighthouse but refused to answer and proceeded direct to Canton. Quantities of sandbags and kerosene tins were observed on board, as also many Russian, men and women. The "Simferopol" is the second steamer that has left Vladivostock for Canton within a fortnight. The number of Russians in Canton is steadily growing.—Reuter.

PRO-BRITISH CHINESE KILLED.

GENERAL STRIKE INEVITABLE IN HONGKONG.

HONG KONG, July 31.

It is reported from Amoy that the Chinese have killed in the street one Lim Tiong Hok, a prominent and influential Chinese merchant who was friendly with the British and had helped to maintain order.

The Chinese Secretary of the Municipal Council was fired at with a revolver and wounded seriously. The position is acute and a general strike is believed to be inevitable. Most stringent boycott is maintained. A British gunboat has left for Amoy.—Reuter.

NEW MUNICIPAL BILL.

(Continued from previous page)

servant and they could dismiss him whenever they liked, but only be majority of three fourth. Government had now decided not to point municipal commissioners in the mofusil municipalities. About reservation of seats for minorities, he said elected members and only one fifth were elected membern and only one fifth were nominated. And Government had reserved the power in their hands to protect imnorities. At the last elections when the advanced classes were ousted from the Poona Municipality they approached Government to protect their interests and Government did nomat eone or two of them. So they would see that the power was ther merely to protect miorities and after all one-fifth of the members could not do much against the elected members. The muncipalities could appoint their presidents either for one year or five as they liked. In some cases he had found presidents anxious to stick to their posts and Government had been approached because they refused to resign in spite of an adverse vote. The result was sometimes every measure of the president was opposed by the other members, and there was an impasse. To avoid that they could elect the president for any term they liked. About qualifications of members and voters, he said any man who paid a municipal tax even of annas eight was entitled to vote. All political pensioners whose offences did not involve any moral turpitude were qualified and Government proposed to bring an amending bill in regard to various municipalities to remove these disqualifications. He had gone a step further than the wishes of the house and Government would bring forward a bill in regard to other Acts also. About giving addresses to emient persons, he said the old bill provided that expenditure could only be incurred with the previous sanction of the Collector but in the new measure municipalities could give addresses either to popular officials or eminent persons by a majority of two thirds. It was said that sometimes addresses were given indiciminately and hero worship was rampant in the country. If a man was really eminent a municipality could give an address without previous sanction with the help of the requsite majority, whether he was official or non-official.

AMENDMENT FOR POSTPONEMENT.

Mr. S. S. Deo moved an amendment postponing the consideration of the bill to next session. He said the bill was before the municipalities for the last three year sand their opinions was received only a short time ago and the bill was published only on July 10 and received by members four or five days later. It was an important measure and members should have time to study it properly. He complained that municipalities were compelled to have chief officers unwillingly.

Mr. D. B. Advani supported, but Mr. R. D. Shinde and Maulvi Rafiuddin opposed.

Mr. Hidayatulla said they could move an amendment even of principle in the select committee. About the chief officer he said it was not compulsory to appoint a Government officer to that post but any one they liked. He never said that the bill was perfect, otherwise he would never, have referred it to a select committee, where they could fully discuss it.

The motion for postponement was then withdrawn.

SOME PROGRESSIVE PROVISIONS.

Mr. L. B. Bhopatkar said there were some provisions which deserved their sympathetic consideration. He welcomed the franchise given to women, which made their mothers and sisters sit along with them on the municipal board as members, for they wanted the help of women in local affairs. The second point for which he thanked the minister was for allowing major municipalities to spend monies for giving welcome addresses to eminent persons without the previous permission of the Collector. He thought it was perfectly ridiculous that a Collector should be able to overide the wishes of 50 elected members as in the case of the Poona Municipality. Poona had already suffered for this, and there were three decrees passed against it. But there were other provisions in the bill of doubtful utility. He thought in major municipalities all members should be elected and as for minorities they should not be elected by Government but by elected members. They might call it co-option or co-operation or non-co-operation, but they wanted that principle. He thought there should be central local self-Government board and there should also be divisional boards to control municipal affairs as he thought collectors and commissioners ought never to have anything to do with these for because a man had passed the Indian Civil Service he was not supposed to know everything about local Self-Government.

Mr. D. B. Cooper, supporting, said there were some provisions which required close attention. Much had been said about the appointment of the Chief Officer but that was not a new thing altogether. The amending bill had brought larger powers to municipalities and he thought a Chief Officer with statutory powers was necessary to carry on the business of a municipality in the best interests of a city.

Mr. M. S. Kurko, supporting the bill, said the presidents of the municipalities should have larger powers like the presidents of the district boards. He was thankful for widening the franchise. There were, he admitted, some drawbacks in the bill which ought to be removed in the Select Committee.

Mr. G. B. Pradhan complained that no power was given to one municipality to join hands with another for joint major works as in the case of his own municipality. He objected to presidents having powers to appoint half the members of the standing committees, although he himelf was a president.

WANTED JOINT ELECTORATES.

Mr. Jayakar said instead of having separate special peaceworkers for Hindus and Muslims they should have one electorate, but the Mahomedans should have reserved seats. He thought if Hindus and Moslems jostled at the elections there might come more feelings of nationality. He wanted seats to be reserved for Muslims wanted the electorate to be one and not separate.

Moulvi Rafiuddin did not think Mr. Jayakar's recommendation would be acceptable to Muslims as Muslims were in a minority. If the Hindus were gracious they might give more representation to Muslims. The Swaraj Party was for Swaraj and for the unity of whole for India and for self-Government.

Mr. P. G. Joshi: Are you not for that?

Mr. Moulvi said if they showed little narrow mindedness in such things Muslims were nonplussed. Tilak was for giving Muslims more concession than even Government. Even Congress was of opinion that the minorities should have greater representation than their numbers warranted. He admitted that in course of time these separate electorates would disappear but they were necessary now. About nominations, he said Muslims always looked up to collectors and commissioners to afford protection to them for they were the only people who supported the minorities.

Mr. D R Patil thanked the minister for widening the powers of municipalities and doing his best for them he asked that the municipalities should be empowered to stop the slaughter of cows in the city and Mr Rafiuddin should give that suggestion itis best help as it would stop cow-killing.

MUSLIMS' DUTY.

Mr. R. G. Pradhan said the principle of separate representation was introduced the first time under the Local Board Act. Since then they had also separate municipal electorates. Mr. Rafiuddin's remarks against the Swaraj Party were absolutely uncalled for and were irrelevent. They all wanted Swaraj and he wanted to know who did not want it. But they wanted democratic self-Government. And that was Swaraj. Communal representation was not in accordance with democracy. Was it not the duty of even Muslims to make up their minds that the Municipal Government should not be carried on, on communal lines? He was of opinion that communal representation should terminate and if Muslims agreed to that it would be a good thing for all.

Mr. Noormahomed said any measure which extended self-Government was welcome. The question whether Muslims wanted separate electorates should be considered from the Muslim standpoint and perhaps Mr. Jayakar did not know, living as he did in cosmopolitan Bombay, conditions in the mofussil. He was not enamoured of collectors and commissioners, but sometime occasions arose when the minorities had to appeal to them and sometimes the officers interfered and many times not But the minorities did appeal to them and a minority has always a minority and could never be a majority. If Hindus stood by Muslims, as in Bengal, they would stand by Hindus although they had a separate electorate there. The question of separate electorate could only be decided by Muslims he said.

The minister, in replying to the debate, said Muslims wanted separate electorates and they said they did not want even Swaraj if they had separate electorates. He asked Muslims and others to consider all these questions, in the Select Committee.

BILL EFERRED TO SELECT COMMITTEE

The First reading was then passed and the bill was referred to a select committee for report within two months.

The council then adjourned till Wednesday.

WAR CEMETERIES.

FUND OF MAINTENANCE.

LONDON, July 30.

In the House of Commons, replying to questions Sir L. Worthington-Evans said it was the intention of the Government, in conjunction with the Dominions Governments, to establish an endowment fund of five million sterling for the maintenance of war cemeteries. He proposed to ask the House to vote fifty thousand pounds as the United Kingdom's contribution for the current year and further a sum every year, increasing as the cost of the construction work diminishes, until the capital sum reaches the British share of the total amount required for the permanent maintenance of the war graves.—Reuter.

It is understood that the Governor will open the next session of the legislative council on the 18th August with an inaugural speech.—A. P.

PROTECTION ESSENTIAL

INDIAN PAPER INDUSTRY

TARIFF BOARD'S RECOMMENDATIONS.

(FROM OUR CORRESPONDENT)

SIMLA, July 31.

A comprehensive report of the Tariff Board on the application of the paper and paper pulp industries is published. The Board after thorough investigation holds that the industry is unlikely to survive without protection, and, therefore, recommends that the existing fifteen per cent. *ad valorem* duty be changed to protective specific duty to one anna a pound on all sorts of writing paper and on printing paper other than newsprint containing sixty-five per cent. or more of mechanical pulp. No change in duty is proposed on any other kind of paper.

The Board also advises Government that with a view to explore the possibilities of the manufacture of paper from bamboo and try the use of soda process for manufacture, Government should advance Rs. 10 lakhs to the Indian paper Pulp Company, Naihati or preferably give a guarantee to enable issue of debentures. Also similar help to the Carnatic Paper Mills to test the manufacture by soda process is recommended.

COMMUNAL TENSION AT LUCKNOW.

LUCKNOW, July 30.

Distressing news of considerable communal tension is reported from Sitapur (Oudh) where Mussalmans wanted to take their Tazia processions through a certain route to which the Hindus objected. On the first day of the Maharrum Hindu and Mussalman mobs gathered on either side of the disputed route but they were dispersed by Mr. Shirreff, Deputy Commissioner and Mr. Lahiri, Superintendent of Police and serious trouble was narrowly averted. The tension of feeling has however become worse on account of an incident that took place on the morning of 27th July when a young pig was found cut into pieces in a mosque of the city. To avoid similar happenings district authorities have arranged to have all the mosques guarded by Mussalman constables and every temple by Hindu constables till feelings subside.—A. P.

INIQUITOUS PRACTICE

GOVT. CHEMICAL EXAMINER

INDIAN MERCHANTS' PROTEST.

The Secretary, Indian Merchants' Chamber, has submitted a representation to the Government of Bombay in the course of which it is said:—

My Committee views with apprehension the growing practice with the Chemical Examiner to Government of reporting upon commercial and economic samples submitted to him for investigation by the mercantile community and the general public. They strongly feel that this practice is not within the legitimate scope of his duties. The original objects of creating the post of Chemical Analyser to Government were to report upon samples submitted by the Customs and the Preventive Service and to assist the Municipality and District Board as an examining Officer under the Food and Poisons Act. His department, in general, was to assist on all chemical matters submitted by the various Departments of Government. But the Chief Chemical Examiner has created a new practice of conducting surveys and valuations of commercial and economic products at mines or warehouses docks and railway yards in or outside Bombay for internal as well as import and export trade. Certificates and Reports of such commercial products are issued on Government forms and over the official designation of Chemical Examiner to Government. Exhorbitant fees have been charged for such opinions and certificates required for trade purposes.

This iniquitous practice is, we are glad to find, not yet allowed by Government in its other Departments. Nor is is followed in any other country. Even in England the Government Chemist is required to attend only to the work submitted by the various Government Departments. Here the Chemical Examiner to Government and his staff charge very heavy fees for the examination and certification of articles of commerce but the fees thus received are not, it seems, credited to Government. But the estimates and expenses for the Department of Chemical Examiners is shown to be Rs. 83,000 for the year 1925-26. My Committee understands that the Fees charged by them to the Public are retained by them as their personal earnings. The Government receives only a trivial amount out of this for the actual cost of chemicals and gas used and makes no charge to its officers for othe rmaterials, rent, water, apparatus and time spent by the officer and staff on such outside public work.

It may further be to pointed out that the Government Chemical Examiner, who is by training and experience a medical and army man, is unqualified for want of personal contact with commercial and industrial life to undertake commercial work.

UNPARALLELED.

It has never been known in England, or in any fother country we know of, that appointments for such highly responsible work requiring a high degree of experience and specialised knowledge of commercial and industrial conditions and requirements are held by them who have been trained up for medical practice.

There is another serious aspect of this question. In commercial law suits, it is the general practice in this Presidency to obtain the evidence of the Chemical Examiner to Government. The Court in such cases naturally attaches great importance to the evidence submitted by the alleged high authority and it is common knowledge that those of the independent profession who have appeared in the Court have been most unreasonably and slightingly treated. If such practice is allowed to continue, there is a grave danger of miscarriage of justice apart from the fact that men who have specialised as Public Analysts by experience and training would be deprived of their legitimate work and their status lowered in judicial and public estimation. The Government must therefore realise that times have passed by when Government officials by virtue of their high office and privileged position could be encouraged to express opinions on various commercial and technical matters of which they have inadequate knowledge, no training and experience. We have to-day in the country a very large number of highly qualified and competent Chemists with great specialised experience obtained in this country, in America, England and other continental countries; many of these men have been obliged to depart from their legitimate professional work and engage in business or clerical work, work for which surely the country did not spend its public money on their training. Immense sums have been spent for scientific and technical institutions in this country and the Universities in India have year after year turned out men with highest training in Chemistry. It is, my committee submit, time that Government recognised that it can not continue to spend on great scientific institutions and technical education and at the same time carry on a strangulating competition with professional chemists of a nature that has no parallel in other countries. My committee venture to say that hardly 3 per cent of the trained chemists were able to follow up their legitimate calling. The others finding it extremely difficult to get, on account of the ruinous competition set up by Government, any opening in this profession, were obliged to seek their livelihood elsewhere with the result that in their new calling they were not as successful as they would otherwise have been.

The practice of accepting commercial and industrial work is not confined to the Chemical Examiners; it is found from the Report of the Bacteriological Laboratory for the year 1923 that the Chemical Dept of this institution was mainly engaged in examining samples of water; of 185 samples examined only 29 samples were examined bacteriologically and the rest 156 chemically. In a certain number of cases the samples were examined to ascertain if they are fit for boiler purposes! The Government will admit that the object of the Bacteriological Laboratory is bacteriological examination of water and under no circumstances could a reasonable plea be made to extend the services of their Chemist for boiler purposes. It is the function purely and simply of technical Chemists. There is still another Government institution which also stands in competition with profession Chemist. The College of Agriculture does considerable work for the public without discrimination as to whether the samples are for the bona fide requirements of agriculture. In 1914 it was pointed out to Dr. H. H. Mann, the then principal of the College of Agriculture. Dr. Mann immediately put a stop to this practice but my committee regret to find that it is now resumed and continued to a serious extent. The Victoria Jubilee Technical Institute follows a similar practice. The staff undertakes consultation, analytical and testing works from the public and makes use of the materials, apparatus and organisation meant for educational purposes.

Such an incursion of Government institutions and laboratories into the business life of the Presidency must be looked upon as seriously affecting not only the commercial and professional interests but as also setting back the progress of Chemistry in this Presidency. My committee earnestly hope that Government will on grounds of equity, economy, education and national exigency, put a stop to this practice by prohibiting the acceptance of work from the Public by all Government Institutions, Laboratories and Departments and in laboratories and institutions supported by Government aid

BANDRA MUNICIPALITY.

PROPOSED NEW MARKET.

(From our Correspondent.)

BANDRA, July 28.

The current agenda of the Bandra Municipality contains an important proposal by Prof. J. F. R. Almeida. It runs as follows:—

(a) This Board is of opinion that a separate market for mutton, fish, vegetables, etc., is urgently required for the residents of Palli, Malla, Sherli and other outlying localities.

(b) That the executive be asked to submit plans, specifications and estimates for the approval of this Board through the Managing Committee.

(c) That the Managing Committee be requested to submit to the General Board their proposals for financing the scheme.

The want of a market centrally situated so as to be in the vicinity of the abovementioned villages is keenly felt by the public. As a matter of fact the proposal is not a new one, for ever since the days of Mr Turner, when he was the Collector here, the clamour for the market has been going on. It is to be hoped the Board will no longer dilly-dally with this important matter as in its wont but unanimously support the motion.

PLIGHT OF MILL INDUSTRY

To the Editor of "The Chronicle"

Sir,—No patriotic Indian could remain unmoved at the present sad plight of our mill industry. The writer belongs to a firm of importers of Lancashire goods, but he is sorely disturbed at the present crisis in his country's mill industry. He and his competitors have often tried and still do to act as the representatives of the mills, but they are treated with scant courtesy, and are offered very strict terms. On the other hand he finds the English, Japanese, German and American exporters and shippers so courteous in their behaviour, so reasonable in terms and so practical in treatment that business springs up after the exchange of a few letters. In the face of these hard facts, no body can think of a complete boycott of foreign cloth by India. If the mill-owners are not prepared to adopt all the present day methods of business, they are doomed, and the industries started by their predecessors are bound to pass into the hand of the resourceful foreign capitalists, as is truly anticipated by Mr. D. D. Sathaye in his letter to the "Bombay Chronicle," of 25-7-25. This will lead in the near future to the repetition in India of the shocking episodes of Hongkong and Shanghai.

The following are some of the drawbacks to the popularity of the Mill fabrics from the point of view of a distributor like the writer.

1. Strict terms of agency.
2. Harsh treatment in dealing.
3. Too much distrust of agents.
4. Scant knowledge of consuming markets and of their demands.
5. Absence of sampling.
6. Unattractive make-up of goods.
7. Lack of pushing spirit.
8. Monopolies entrusted to incompetent people and firms.—Yours, etc.,

PARSI LITERARY SOCIETY.

ANNUAL GATHERING.

On last Sunday afternoon the Albless Baug of Bombay witnessed a unique spectacle. It was unique in this that on this occasion for the first time within recent memory Parsi public men of nearly all classes and shades of opinion were brought together on a single platform by the infinite tact and industry of Mr. Feroze Ratnagar. The Parsi Dnyan Prakash Mandal were at their annual celebrations. There were present not only the president, Solicitor Mr. Vimadalal, who is regarded as the pillar of the orthodox, but also the exponent of the progressive school in society as well as politics like Sir Dinshaw Petit Baronet, Mr. Justice Coyaji, Mr. Justice Tarapurewalla, ex-Justice Dinshaw Mulla, Mr. H. P. Modi, Mr. Behramji Jijibhoy, Mr. Kaikobad Adenwalla.

On the dais were seated along with the president Solicitor Mr. Fredun Dadachanji, Mr. S. K. Hodiwalla M.A., Mr. G. K. Nariman, Dr. Daruwalla, Ph.D. Among the speakers who dwelt on the beauties of literature and the treasures of Gujarat were the Parsi Sanskritists Mr. Fradoon Dadachanji and Mr. Saporji Hodiwalla both masters of Hindu lore, Miss Bapai Dalal and Mrs. Contractor.

A divergent note was struck by Mr. G. K. Nariman who said that they had come prepared to speak upon Gujerati as influenced by the Parsis, but in view of the two Parsi scholars who had already preceded him, he would like to take the opportunity to express himself on a subject for which he might not get a suitable platform early enough. He dwelt upon the unnecessary apprehensions which possessed certain among his Bombay coreligionists regarding the condition of the community, if the British let go of their hold of India. He asked them to look into the past and question themselves whether it was possible that the enlightened and bright and industrious community which had done so much for the Hindus and Musalmans of the Bombay Presidency by way of philanthropy and had maintained itself honourably up to within the last hundred and fifty years when with the advent of the British they rose into particular eminence, was likely to be submerged when all that they expected in due course to happen was the substitution of Indian men for Englishmen in the governance of the country. The eminence, Mr. Nariman contended, which the Parsis had attained was due to the Parsi spirit of enterprise and not to any special favours of the British. It was became the Parsis saw the advantage of acquiring the Engish language and of moulding themselves to suit the changed environments that they had kept their heads above water, because the Parsis appreciated modernisation which their religion and social usages permitted they had forged ahead. He gave instances of the prominent and prosperous part which the Parsis payed in pre-British India. He also gave the amusing instance of a Parsi who was induced (there were no hundred applicants to one post in those days) by the B. B. & C. I. Company to accept position as station master and who had put things out of gear by absenting himself to perform a religious ceremony. In one particular the Parsis were positively freer in pre-British days; they managed their own communal affairs and there was rarely interference on the part of the ruling authorities except in matter of serious criminal offences. The "Parsi Prakash" or the Chronicle of the Parsis inaugurated by Khan Bahadur Patel and continued by Mr. R. B. Paywarter was a witness to all that he had stated and much more. In dealing with the Britishers they must take account of the fact that the latter admired and yielded to honest opposition. During their lifetime Tilak and Das were met with most infuriated verbal assaults. Tributes of admiration specially to the latter were paid by the Secretary of State and the Viceroy at their death, which were not vain convention. Their own welfare would be promoted not by flabby acquiescence into injustice but by strenuous fight again evil. He assured the Hindus and Mahomedans that if some of his community drew back from sustained activities, no Parsi would hinder the patriotic Indians who were striving to secure a better position for their motherland among the most forward countries in the world. Although the Parsis would never cease to have passionate regard for Persia, then mother country was India, for whose welfare they were bound to strive as much as any other community.

At the dinner which followed Sir Dinshaw Petit evoked considerable hilarity by a masterly speech, in response to the toast of the guests with whom his name was coupled. He spoke on behalf of himself alone which gave almost every one of the distinguished guests assembled each an opportunity to speak on his behalf. The majority dwelt humorously and without acrimony upon the defects of the Parsi Press. Ony one or two dilated on the duties and responsibilities of public writers generally which included not only journalists but authors, historians, chroniclers. The happy symposium showed how very much the Parsis were losing owing to fatuous dissensions and the consequent unemployment of brilliant united talents for the country's welfare.

PACHORA JAMNER RAILWAY.

The 11th ordinary general meeting of the shareholders of the Pachora Jamner Railway Company, Ltd., was held on Wednesday, at Apollo Street, Bombay, Sir Sassoon David Bart, presiding.

The directors' report which was unanimously adopted, stated:—

"The earnings of the line for the year ended March 31, 1925, amount to Rs. 1,06,753-11-0. Adding Rs. 2.857-6-7 brought over from last year's accounts the total comes to Rs. 1,09,611-1-7. After deducting income tax and super tax, expenditure incurred during the year under report and payment of Rs. 37,325-0-8 to shareholders on account of ad-interim dividend at 5 per cent. per annum, for the half year ended 30th September 1924, the balance available for disposal is Rs. 43,459-12-5, which the directors propose to dispose of as under:—(1) Dividend at the rate of 5 per cent. per annum (less income tax Rs. 37,325-0-8, (2) reserve fund Rs. 5,000-0-0 and (3) balance to be carried forward Rs. 1,134-11-9."

The total earnings of the company through passengers and goods during the year under report were Rs. 42,815-10-6 more than those of the previous year.

NEED OF THE HOUR.

PT. K. MALAVIYA ON NATIONAL UNITY

(From our Correspondent.)

SIMLA, July 27.

Pandit Krishnakant Malaviya, a Swarajist member of the Assembly who has already arrived in Simla in connection with the August session of the Assembly in a Press note put in an impassioned plea for unity. He said "Mahatma Gandhi has put the Congress organisation in the hands of the Swarajists. He has declared the advisability of making the Congress eminently a political body to meet the situation created by Lord Birkenhead's speech and has decided to make his own spinning organisation a subordinate part of the Congress. In this decision I believe the country is suffering a great loss, for who will deny that the leadership of Mahatma Gandhi with his unequalled statesman-like foresight and universal respect his name carries was by itself a very great and useful asset. But howsoever we may regret Mahatmaji's decision in this ground it is clear that by his act he has put an example of highest type of selfless service to and solicitude for the country.

What is the country to do now? There is only one way of meeting the situation. Various leaders who count should take the lead offered by Mahatmaji in putting the country first and everything else next and should form a determination to make the Congress a really powerful and central political organisation. The supreme necessity of the hour is that all parties in the country should unite even at the cost of giving up some cherished views and opinions to accommodate one another and should join together to make the Congress a common organisation strong enough to safeguard the country's interest and to meet the situation created by Lord Birkenhead's speech. Pandit Malaviya, Pandit Motilal Nehru, Lala Lajpat Rai, Dr. Sapru, Messrs. Sastri and Chintamani, Maulana Azad, Mr. Jinnah and the Ali Brothers must know that this is the hour of their test. They must keep up the standard of service shown by Mahatmaji.

The third session of the Berar Literary Conference will be held at Yeotmal on the 31st October next. A Reception Committee has been formed with Mr. M. S. Anney, M. L. A., as its chairman and Messrs. V. K. Deshpande, A. R. Sarle and S. H. Baldal as secretaries. The fees for membership of the Reception Committee are Rs. 2 Delegates will be admitted free and provided with free food and lodging.—A. ALLEGED BREACH OF RAILWAY LAW.

COMPANY PROSECUTES SERVANTS.

JALGAON, July 30.

A prosecution of great importance to the Railwaymen has been launched by the G. I. P. Railway before Mr. J. Hartshorne, District Magistrate, Jalgaon, East Khandesh, in connection with a collision that occurred in the morning of the 29 April 1925 on the Savda Railway Station on the G. I. P. line between 6 Up Punjab mail train and a goods train 21 Down which was standing on a siding after the shunting operation had been finished.

The Punjab mail was then running on the Down line as the Up line was blocked on account of the engine of the 578 Up goods train having failed, and single line working had been introduced.

The accused are:—Hormusji Cooverji, Driver of the 6 Up Punjab Mail, Edward, Guard of the 6 Up Punjab mail, Shahavrabudhe S. M. of Savda, Mungauvan Deputy Controller, Bhusaval, Joshi, Guard of 217 D. Goods Train and, Krishnaji Bayaji, A. S. M. at Nimbra.

They are all charged under Section 101 of the Indian Railways Act with having committed a breach of various general orders and working instructions governing them.

Accused No. 1 is to be defended by Mr. V. F. Vicajee, Bar-at-Law of Bombay who has been engaged by the Amalgamated Society of Railway Servants with Messrs. Patanker and Paranjpe, Pleaders of Bhusaval. Accused No. 2 was defended by Mr. Patel, pleader of Nasik, No. 3 by Juvekar, pleader of Jalgaon; No. 4 by Messrs. Patel and Sathe, pleaders, No. 5 by Sonalker, pleader and No. 6 by Mr. Kalele, pleader.

Prosecuting officer Mr. Rajadhyaksha, assisted by Sub-Inspector Chapeker of the Railway police appeared to prosecute.

A large number of witnesses have been examined and a charge has been framed against all the accused.

The case is proceeding.—A.P.

A TRIAL LIFE READING FREE TO READERS OF THIS PAPER.

The well-known Astrologer Prof. Roxroy has once more decided to favour the people of this country with Free Test Readings of their lives.

Prof. Roxroy's fame is so well known in this country that he hardly needs an introduction from us. His power to read the lives of people, no matter at what distance they may be, is described as simply marvellous.

Even Astrologers of various nationalities and reputation all over the world, acknowledge him to be their master, and follow in his footsteps. He tells you what you are capable of and how you can be successful, and mentions the favourable and unfavourable periods in your life. His descriptions as to past, present and future events will astonish and help you.

Mr. Paul Stuhmann, an experienced astrologer of Ober Niewsadern, Germany, says:—

"The horoscope which Professor ROXROY worked out for me is quite according to the truth. It is a very clever and conscientious piece of work. As an astrologer myself, I carefully examined his planetary calculations and indications and proved that his work in every detail is perfect, and that he is up-to-date in his science."

If you want to take advantage of this special offer and obtain a review of your life, mention the name of this paper and get a trial reading free. Money not necessary. Simply send your full name and address (written by yourself) the date, month, year and place of your birth and state whether you are Mr., Mrs., or Miss.

If you wish you may enclose 8 annas to pay postage and clerical work. Do not enclose coins in your letter. Send your letter to ROXROY, Dept. 1601L. Emmastraat, 42, The Hague. Holland. Postage to Holland 3 annas.

INTERPELLATIONS.

TEACHERS FOR FIRST AID.

Mr. G. M. Kalbhor (Poona District): Will Government be pleased to state—

(a) how many teachers were selected from Poona, Satara, Nagar and Sholapur districts separately for being trained in First Aid and medicine?

(b) how many of them were Marathas, Brahmins, Mahomedans, and other Hindus?

The Honourable Mr. B. V. Jadhav: (a) The village aid scheme is being tried only in Poona, Sholapur, Dharwar and Bijapur districts. It is not yet introduced in Satara and Nagar districts.

(b) The castes of the teachers in the various districts and their numbers are given below:—

Marathas, Poona nil, Sholapur 2, Bijapur nil Dharwar nil,

Brahmins Poona 6, Sholapur 2, Bijapur 4, Dharwar 2.

Other Hindus Poona 2 Sholapur, 1 Bijapur 4, Dharwar 2.

Mahomedans Poona 2, Sholapur nil, Bijapur 2, Dharwar 1.

Mr. M. S. Khurro (Larkana District): (a) Will Government be pleased to state how much has been spent over the buildings and roads for the Barrage up to the 31st March 1925?

(b) How much is still intended to be spent over the buildings and roads?

The Hon. Mr. Cowasji Jehangir: (a) and (b) Rs. 17,01,817 have been spent on buildings upto 31st March 1925 and about Rs. 48,00,000 more are intended to be spent. In the Lloyd Barrage and Canals Construction Project, there are no roads, except service roads, on which an expenditure of Rs. 10,653 has been hitherto incurred and about Rs. 12,850 more are intended to be spent.

NOMINATIONS TO LOCAL BODIES

Mr. Hooseinbhoy A Lalljee (Bombay City): Will Government be pleased to state the principles on which nominations by Government on such bodies as the Bombay Municipal Corporation and its standing committee, municipalities, district and taluka local boards are made?

The Honourable Khan Bahadur Shaikh Ghulam Hussain: The nominations to the local bodies referred to are determined generally by local circumstances in each case. The following among other points are however, always taken into consideration when nominations are made:—

(1) whether minorities are duly represented;

(2) whether backward and depressed classes have been duly represented;

(3) whether there are other special interests in the locality which require representation;

(4) whether the representation of the various communities needs to be adjusted;

(5) whether there is any need for the presence of experts on those bodies;

(6) whether it is desirable to secure the inclusion of persons with experience of the administration of the local bodies. Moreover in the case of local boards section 5 (4) of the Bombay Local Boards Act makes it obligatory on Government to nominate a Member of the depressed classes if no such member is elected and if there is any member of those classes qualified and willing to be nominated.

Mr. Hoseinbhoy A. Lalljee (Bombay City): Will Government be pleased to state whether it is a fact that no definite principles are followed by the Commissioners of the divisions and the mofussil authorities in nominating members to municipalities and to the taluka and district local boards?

If so, do Government intend to take any action in the matter?

The Hon. Khan Bahadur Shaikh Ghulam Hussain: Attention is invited to the reply given by Government to question No. 1 put by the honourable member on the subject.

(b) No.

INDIANS IN THE BOMBAY PORT TRUST.

2. Mr. (Lalji Naranji (Indian Merchant's Chamber): Will Government be pleased to state whether it is a fact (a) that their attention was drawn to the resolution of the Honourable Mr. P. C .Setna about giving preference to Indians in higher grades when vacancies occur in the Bombay Port Trust?

(b) that in spite of the Port Trustees adopting the resolution by a majority of all European Trustees versus Indian Trustees to appoint Mr. Smith, Government did not accept the resolution but referred it back to the Trustees for further consideration?

(c) that in spite of the resolution of the Trustees to invite fresh applications after six months the European Trustees by a majority against all Indian Trustees confirmed Mr. C. P. Gay as Chief Account?

(d) that all the Indian Trustees present again protested against the resolution and approached Government not to confirm the said appointment

(e) that in spite of the protest by the Indian Trustees Government by Resolution No. S-20 (4) 399, dated 4th May 1925, sanctioned the confirmation of Mr. C. P. Gay?

(f) that Government have thereby deprived Indansm of even the cnace oh applying for a post for which several Indians are competent?

(g) that Mr. C. P. Gay was not thought competent only six months back by the same European Trustees and Chairman who confirmed him and modified their opinion in six months?

(h) Will Government be pleased to state whether they intend to give effect within the powers vesting in them to the Resolution passed by the Council of State and accepted by the Trustees?

The Hon. Mr. Cowasji Jehangir: (a) The attention of Government was drawn by the Government of India to a Resolution moved by the Honourable Mr. P. C. Sethna in the Council of State on the 26th January 1922 recommending that steps be taken to increase the number of Indians in the higher grades in the service of Port Trusts.

(b) Yes.

(c) Government are not aware of any resolution of the Trustees to invite fresh applications after six months. It is a fact that the confirmation of Mr. Gay was decided on by a majority of the Trustees.

(d) Yes.

(e) Yes.

() As the Trustees did not resolve to invite fresh applications but decided to promote one of their officers, viz., Mr. Gay who was born and is domiciled in India, and, therefore, an Indian subject of his Majesty, Government did not deprive Indians of the chance of applying.

(g) In 1924 Mr. Gay was not considered to be the most suitable candidate available.

At the time of his appointment on 24th February last Mr. Gay had been acting as Chief Accountant for 21 Months, and from the experience thus gained of his work the Chairman and Trustees changed their previous views in regard to him and concluded that his appointment to the post was the best possible choice.

(h) The reply is in the affirmative.

LOANS TO HOUSING SOCIETIES.

Mr. Lalji Naranji (Indian Merchants Chamber): Will Government be pleased to state:—

(a) The amount of the loans advanced to different housing societies and the names of the societies to which such loans have been advanced;

(b) whether they receive any regular reports regarding the progress of these societies and the administration of their funds;

(c) what are the safeguards, if any, adopted by the Government for the satisfactory administration of these funds by these societies;

(d) whether there is any sinking fund provided against these loans and if so, what is the present amount of the sinking fund?

The Hon. Mr. A. M. K. Dehlavi: (a) A statement is appended.

(b) The accounts of the societies are audited every year by a Special Auditor and the Societies are usually visited both by the Assistant Registrar and the Registrar of Co-operative Societies who look into the progress of the Societies and the administration of their funds.

(c) In Bombay the layout, plans and estimates of buildings for which loans are given are approved by the Director of Development and in other areas the layout and plans are approved by the Consulting Surveyor to Government and the estimates by the Superintending Engineer of the Circle. When loans are advanced in instalments before any subsequent instalment is advanced, the Society has to produce a certificate from the Development Directorate or the Superintending Engineer, as the case may be, showing that the work actually done or land bought or materials at site of work actually paid for represent expenditure exceeding the amount of the loan actually advanced by at least 25 per cent.

(d) Provision is made in the bye-lwas of the societies for the rents or instalments due from members in such a way as to include the necessary amount for the sinking fund. The loans to Government are payable in equated instalments of principal and interest within a period ranging from 25 to 40 years. It is therefore not necessary for the societies to keep a separate account of the sinking fund.

Statement showing the names of Co-operative Housing Societies to which Government loans have been advanced.

Bombay, Catholic Co-operative Housing Society, Limited, Santa Cruz, amount sanctioned Rs. 6,00,000, fully drawn.

Saraswat Suburban Co-operative Housing Society, Limited, Santa Cruz, amount sanctioned Rs. 2,49,000, fully drawn.

Ahichhatra Sahakari Niwas Mandali, Limited Bombay, amount sanctioned Rs. 70,000, amount drawn Rs. 50,000.

THIRD CLASS RAILWAY FARES.

Khan Saheb A. M. Mansuri (Ahmedabad and Surat Cities): Will Government be pleased to state whether they are aware that the first and second class fare for passengers has been reduced since last year while the third class fare which has almost doubled during the last 15 years stands as it is?

The Hon. Mr. Lalubhai Samaldas: The question relates to a Central subject and Government are not in a position to answer it.

ANTI-GOVERNMENT AGITATION.

Sardar G. N. Mujumdar (Deccan Sardars and Inamdars): Will Government be pleased to state:—

(a) the reasons that led them to issue Government Resolution No. 2851 of December 1923 on the subject of participation by Government pensioners in anti-Government agitation or propaganda

(b) have Government laid down any definition of 'anti-Government'; If so, what is it?

(c) In how many cases action has been taken so far under this Resolution?

(d) Why the Resolution has not been communicated to all their pensioners?

The Hon. Mr. H. S. Lawrence: (a) and (d) The attention of the Honourable Member is drawn to the answer given to the question put by the Honourable Member, Nasik District, at the October Session of 1924.

(b) No.

(c) No action was taken under the Resolution before it was cancelled.

Mr. K. F. Nariman (Bombay City, South): As honorary magistrates are appointed from the justices of peace will Government be pleased to state whether there are any honorary magistrates who have been convicted in the police courts?

The Hon. Sir Maurice Hayward: Government are not aware of any such magistrates.

Mr. K. F. Nariman (Bombay City, South): Will Government be pleased to state whether it is a fact that any J.P. may be called upon in case of emergency to act as a special magistrate?

The Hon. Sir Maurice Hayward: Government expect a J.P. to be willing to serve as an Honorary Magistrate, if invited to do so, in case of emergency.

ACCIDENTS CAUSED BY ORDERS OF EXECUTIVE ENGINEER.

Mr. B. G. Pahalajani (Western Sind): Will Government be pleased to state whether:—

(a) it is a fact that the Executive Engineer (Mechanical and Power House) issued orders to his assistant Mr Woodward to amount a pile driving machine on a single country boat; and if so,

(b) whether Government are aware of these orders;

(c) whether it is a fact that the Assistant Engineer represented to the Executive Engineer repeatedly in writing the impracticability of carrying out such orders and the almost certain danger to life and property attending upon his obeying such orders;

(d) whether it is a fact that the Assistant Engineer finally declined to carry out those orders as they involved danger to life and property and resigned his appointment rather than carry out such orders;

(e) whether it is a fact that the Executive Engineer thereupon directed another Indian Assistant Engineer to carry out those orders;

(f) whether the execution of those orders resulted in injuries to human lives;

(g) whether it is a fact that the Executive Engineer in his order described the operation as an experiment;

(h) whether such "experiments" involving certain danger to life and property are permitted by Government to be made by their officers even after due warning is received of the danger attending them;

(i) whether the Superintending Engineer, Barrage, and the Chief Engineer, Barrage, were aware of the correspondence which passed between Mr. Woodward and the Executive Engineer and of the former's resignation;

(j) if so, whether either officer took steps to prevent in time the execution of such "experiments."

(k) Will Government be pleased to place on the table of the Council all the correspondence on the subject?

The Hon. Mr. Cowasji Jehangir: The information has been called for.

Mr. B. G. Pahalajani (Western Sind): Will Government be pleased to state:—

(a) whether it is a fact that the Executive Engineer (Mechanical and Power House) on another occasion overloaded a stone crushing engine and tightened its bearings in spite of the repeated warnings on the spot of the Assistant in charge?

(b) whether this was done in the presence of the present Acting Chief Engineer?

(c) whether it is a fact that the driving belt gave way on account of the above action of the Executive Engineer?

(d) whether the Chief Engineer was in danger of being hit by the belt?

The Hon. Mr. Cowasji Jehangir: The information has been called for.

Mr. B. G. Pahalajani (Western Sind): Will Government be pleased to state:—

(a) whether it is a fact that the Executive Engineer (Mechanical and Power House) ordered the unloading of piles by derrick cranes without sufficient counterweights?

(b) whether any injury to lives took place?

(c) whether Government or the Chief Engineer, Barrage, has received any written report on those accidents?

(d) whether Government have taken any action in the matter?

(e) if not, what action Government intend to take in the matter?

The Hon. Mr. Cowasji Jehangir: The information has been called for.

THE INSPECTOR OF DRAWING.

Mr. G. I. Patel (Ahmedabad Mill Owners' Association): (i) Will Government be pleased to state the duties assigned, to the Inspector of Drawing originally when he joined the present service? (a) Has there been any change in them since then? (b) What are his present duties?

(ii) Will Government be pleased to state what improvements have been made by him from the time he joined till the end of the year 1922-23?

The Hon. Mr. B. V. Jadhav: (i) The Hon. Member is referred to the reply given at this session to a similar question put by the Honourable Member for Kaira District.

(ii) A new school drawing syllabus with explanatory notes has been drawn up and introduced. Colour work and drawing direct from nature and from objects is now taught to all pupils from the lowest class onwards and not only to the boys who are being specially prepared for the Drawing Grade Examinations as was formerly the case. An attempt has been made to link the drawing up more with the lives and customs of the people and with the district in which the school is situated. The pupils in some schools are taken to the local gardens to draw from flowers, etc., and to local buildings to copy ornament, etc.

There have also been improvments in the accommodation provided for Drawing in most schools, as well as in the furniture and equipment used.

An annual examination in drawing is now held in many schools and the marks obtained counted towards promotion. Drawing is now a subject which figures in the regular report sent to the pupils' parents.

There has been a substantial improvement in the pay and prospects of Drawing Teachers and Drawing Masters.

School Children need Virol

The remarkable influence of Virol on growing tissues is shown in the above case. Virol builds bone and muscle, restores waste, and strengthens the constitution. Virol gives School Children increased strength to resist illness and disease. Give your child Virol regularly, especially when epidemics are about.

IMPERIAL BANK OF PERSIA.

SIR HUGH BARNES' SPEECH.

The Iran League sends us the following for publication, inviting the attention of those interested in Persia to the financial and commercial relation between Britain and Persia. It will be seen: (1) that the patriotic genius of Reza Khan Pahlvi. the Premier as he desires to be designated in view of the abandonment of all titles. is fully appreciated in Britain which holds Persia in her monetary grip and that (2) the construction of railways is a question which has now been seriously taken up.

The thirty-sixth ordinary general meeting of the members of the Imperial Bank of Persia was held on July 7 at the Cannon Street Hotel, E. C. Sir Hugh S. Barnes, K.C.S.I., K.C.V.O, the chairman, presided.

The Manager and Secretary (Mr. Sydney Rogers) having read the notice convening the meeting and the report of the auditors.

CHAIRMAN'S SPEECH.

The Chairman, in moving the adoption of the report and accounts, said:—As the report discussed at our last general meeting a year ago was for six months only, the accounts now before you should be compared with those dealt with at our meeting in December, 1923. You will probably have noticed already that the figures of the two years differ very little, and will have rightly concluded that so far as the bank is concerned the past year has been one of ordinary steady and progressive business, about which there is little to remark, except that our profits have been well maintained, that the financial position of the bank is strong, and that the final dividend we propose to pay makes the total dividend for the year the same as be- the year the same as before. viz. 9s per share, free of tax. This I trust you will consider satisfactory.

But while the business and progress of the bank have been comparatively uneventful, the year has been an interesting one for Persia, owing to the growing power and popularity of the Prime Minister and Commander-in Chief of the Army, Reza Khan Pehlevi, by whom in the absence of H. M, the Shah, the Government has been carried on with increased strength and efficiency. You will remember that this remarkable officer became Minister of War in the summer of 1921, when the Ghavam-us-Saldaneh was Prime Minister, and that in spite of several changes of Government he continued to hold this post undisturbed until he was also appointed Prime Minister in October, 1923. Since that date he has remained in power and has governed the country with a firm hand. During the past twelve months his great achievement has been his successful assertion of the authority of the Central Government over such semi-autonomous chiefs as the Sheikh of Mohommerah, the Wali of Pusht-i-Kub. and the Bakhtiari and Luristan Khans. At one time it looked as if there might be serious fighting in Arabistan-or Khusistan, as it is called by the Persians but the determination displayed by the Commander-in-Chief and his prompt movement of troops to the South enabled him to overcome all opposition, with little more than a show of force. He himself proceeded to Mohommerah and Ahwaz to arrange matters with the Sheikh. and he took the opportunity to pay a visit to the oilfields and the Anglo-Persian Oil Company's refinery at Abadan, by which we are told he was very favourably impressed. One result of his operations has been the opening up of the direct route from Ahwaz to Khurumabad through Luristan. This road has been closed for years as unsafe for traffic, but last April for the first time we were able to send a caravan of specie from Ahwaz to Sultanabad by this route without mishap.

TRADE IMPROVED.

We continue to receive satisfactory reports of the trade of the country which, year by year, shows expansion. The latest, figures are imports Ts. 77,000,000, exports Ts. 100,000,000, just received by telegram, as against the figures I mentioned last year of Ts. 69,400,000 and Ts. 76,700,000 respectively.

I think we may accept this as mainly the result of the improvement that has taken place in the Government of the country and the safer conditions that exist for carrying on trade. It is needless to remind you that good trade has an important relation to the well-being of Persia and incidentally of the bank and, given security and the continuance of sound financial administration, the volume of trade can hardly fail to increase.

There is one branch of the administration which has hitherto been rather neglected-better communications are sorely needed, so that quick transport facilities may be at the disposal not only of merchants and traders, but also of the Government, for the preservation of peace by the necessary movement of troops to outlying districts, and for the prevention of famine by timely transfer of foodstuffs from a district where crops are good to one where famine conditions, prevail, which is almost impossible to accomplish with the slow methods of the caravan-mule or camel. In this respect the Prime Minister is credited with a far-seeing policy; being a military man, he recognises the value of a mobile army, and as a good administrator he knows well the needs of his country and the good temper engendered by a well-fed population.

The question of railway. construction stands well in the foreground of his views, and I understand that all the recent plans for pushing on the various schemes suggested for linking up the capital with the sea emanate from him. The main roads have of late years received attention, and with the advent of the motor-car, they are serving their purpose fairly well, but there is, still much room for improvement, and I understand the Government is contemplating special taxation for this purpose. Persia is to-day seeking eagerly for avenues; by which to progress, and it is strange that the country should possess motors and aeroplanes before a mile of railway track has been built. This state of affairs we confidently hope may now be changed, as a serious beginning has been made to provide means for railway construction.

BETTER BABIES.

There is nothing that brings such a happiness to family as a bright, healthy child, and nothing causes more sorrow than to see a Deformed child, or to have one who is not healthy, as such child is a living disgrace to the family.

We have such facts before us, yet we neglect. Therefore, anything that will improve the condition of Deformed Children must be welcomed by all of us. If your child is suffering from any Deformity, such as Spinal Curvature, Infantile Paralyses, Cure Legs or any other defects please do not fail to call at our place, and you will see how hundreds of Deformed children are attended to by us.

In addition to treating Deformed Children we take X-Ray Photographs in cases requiring same.

Our qualified Consulting Specialist has wide practical experience and enjoys the advantages of extensive studies in various subjects relating to Deformities.

From the 1st of January 1924. our House has been appointed by the SECRETARY OF STATE for India in Council to treat all cases of DEFORMITY and to prepare ARTIFICIAL LIMBS and ORTHOPAEDIC APPLIANCES for all deformed patients belonging to the Civil and Military Hospitals in India.

For information, please apply to the Superintendent, Zander Orthopaedic and Medico-Electric Institute.
